COUNTY LIBRARY PENS DRIVE FOR 3,000 MEMBERS

Plans for the campaign for 3,000 inter memberships in the Adams County Free Library association—which opened officially this morning—were outlined at a special meeting of the association in the Art House Wednesday evening at which necessary amendments to the constitution and by-laws were voted. Authorization was given to the executive committee to proceed with the incorporation of the association.

Richard A. Brown, Esq., chairman of the membership and foundation committee, listed key people who will direct the membership drive.

A Good Start

Less than 12 hours after the Adams County Free Library association made provision for life and club memberships in the organization, the first memberships in those categories were old.

William "50-50 Bill" Zinkand, Lincolnway east, former president of the Adams County Fish and Game association, took out the first life membership at \$25 and reported the first \$5 club membership in the name of the sportsmen's organization.

Mr. Zinkand's life membership was solicited by his daughter, Mrs. Howard Hartzell, a member of the committee which opened officially this morning the drive for 3,000 charter members of the library organization. Mrs. Hartzell also has reported five new charter memberships.

ve throughout the county. This group and their helpers will receive individual charter memberships at each; \$5 membership from organizations and \$25 life memberships from individuals. School children and other minors may enroll members at 50 cents each under the plan. The drive will be conducted through the constitution, Churches and Sunday schools throughout the county are being contacted by the Rev. Dr. Dwight Putman; school teachers, principals and pupils in the county through Dr. Robert A. Bream, businessmen's organizations, John H. Shoren; and bankers, Elmer W. Warren.

Community Leaders

Community solicitations will be conducted in Gettysburg by Miss Louise Hartzell; in Fairfield by Mrs. J. Henderson; Biglerville, Mrs. Ederic E. Griest; York Springs, Mrs. Mademoiselle club; McSherry, Albert Weaver; New Oxford, Mrs. Grace Himes, and Littlestown, Mrs. Brenda Walker.

Miss Hartzell said today that plans are being made for a house-to-house canvass for members in Gettysburg. The dates for the canvass together with the names of the canvassers and the territory each will cover will be announced later, she said.

JOINT SERVICE AT EMMITSBURG

The 10th annual observance of World Day of Prayer services sponsored by the four missionary societies of the Protestant churches of Emmitsburg will be held Friday evening 7:30 in Elias Lutheran church, Emmitsburg.

Following a short introduction to the program by Mrs. Robert Gillelan, candle-light service by the Emmitsburg Girl Scout troop will be held under the leadership of Mrs. Robert Dougherty. A candle will be lighted in honor of all service men and women by T/Sgt. Ralph Kelly, Emmitsburg, who recently returned home after suffering wounds twice in the European Theatre of Operations.

Included on the program a World day ceremony will be held by the Emmitsburg Boy Scouts and Cub Scouts. The Boy Scouts will be led by Major Herman Krogale and their outposts, Lt. Murphy and Lt. Harry. Dow Strader will be in charge of the Cub Scouts.

Special music will be under the direction of Miss Ruth Shuff, the church organist.

Theme for the service will be "Light."

The committee in charge of arrangements includes Mrs. Philip Bower, Mrs. William Rowe, Mrs. Aude Cori, Mrs. Francis Matthews and Mrs. David Martin.

Scoutmaster card party, February 19th, 7:00 P.M., room.

In Hospital

Pvt. Carlton E. Ferguson, 29, son of Mrs. Rhoda Ferguson, East Stevens street, is confined to a hospital in France following a minor injury received in action in Luxembourg January 23. Mrs. Ferguson received word from the War Department and from the army hospital that her son also has badly frozen feet and recently suffered an attack of appendicitis. The report from the hospital stated his condition was "normal."

PROGRAM READY FOR COMMUNITY PRAYER SERVICE

Several new leaders were announced today for parts in the World Day of Prayer service to be sponsored by the Council of Church Women of Gettysburg Friday afternoon at 2:30 o'clock at the College Lutheran church, Chambersburg street.

This is the first time the council, which was organized during the past year, has had charge of the local observance of the prayer service held throughout the world on the first Friday in Lent.

Mrs. Ralph R. Gresh, council president, will be in charge of the program, and other parts of the service will be handled by Mrs. Rudolph Rosenstengel, Mrs. Dunning Idle, Sr., Mrs. R. M. Everette, and Mrs. W. C. Waltemyer.

Theme of the service will be "That ye should show forth the praises of Him who hath called you out of darkness into His marvelous light." The service is divided into a number of parts all of which are developed on the main theme.

Persons of all denominations are invited to attend the service. A second World Day of Prayer service has been planned for Friday night by the Business and Professional Women's club and the Annie Danner club. That service will be held on the same theme in the YWCA at 8 o'clock for those persons who are unable to attend the afternoon program.

The council committee in charge of the afternoon service is headed by Mrs. Gresh and other members are Mrs. John Sanderson, Mrs. Milton R. Remmel, Mrs. Everette, Mrs. George Rightmyer and Mrs. Idle. They will be assisted by Mrs. C. C. Culp, of the children's committee, who will be in charge of a nursery which will take care of small children while their mothers are attending the service. Mrs. C. T. Ziegler also is assisting with the committee work.

Preceding the service music will be played on the chimes of St. James Lutheran church for 15 minutes. This is the fifth annual World Day of Prayer service to be held in Gettysburg.

More Contributions To Paralysis Fund

Twelve additional contributions to the March of Dimes for the infantile paralysis fund were announced today by Mrs. Joseph E. Codori, county chairman.

The list follows:

East Berlin public schools, \$52.78; York Springs grade school, \$12.70; York Springs grade schools, \$7.10; Slippery Point, Edla Peters, teacher, \$10.30; Brush Run, Minnie Scott, \$6; Abbottstown primary, Ruth Gentzler, \$2.30; Arentsville vocational high school, \$10; Woodside, Zora Stammbaugh, \$2; Hamiltonban consolidated, \$2.80, (additional); Fairfield borough schools, \$5.25; Zion Lutheran primary Sunday school, \$2; Friendly Circle, Aspers Lutheran church, \$5.

WOMAN'S CLUB CONTRIBUTES TO LOCAL CAUSES

An annual \$30 donation to the YWCA membership drive was voted by the Gettysburg Woman's club at its regular monthly meeting held Wednesday afternoon at the "Y" building.

The club also voted a donation to the Gettysburg Youth Center. The amount is to be determined later. A number of reports occupied the business meeting held before the tea. Mrs. Henry M. Scharf, vice president, presided in the absence of the president, Mrs. J. Walter Coleman.

Mrs. Richard Brown gave the prayer for the day at the opening of the meeting, and Mrs. Earl E. Ziegler read the treasurer's report.

New Board Secretary

Announcement was made that Mrs. Robert Fortenbaugh was elected secretary at the executive board meeting Monday to replace Mrs. Henry T. Bream who resigned from the post. An appeal for additional donations to fill a war stamp book for the purchase of a war bond for the club was made by Mrs. Paul Thomas, chairman of the Victory Defense committee.

Mrs. Harold J. Pegg, also a member of the Victory committee, announced that she expects the club "to go over the top" on its project to raise \$2,135 in extra war bond sales toward a fleet of navy planes by March. The navy plane purchase is a project of the Federated Women's clubs and has been running since January 15. Mrs. Pegg explained that bonds purchased under payroll deductions and other similar plans do not count in the sales. She also pointed out that only the purchase price of the bonds is used.

Kenny Fund Has \$481

In her report as chairman of the Welfare committee, Mrs. Dunning Idle, Sr., noted that 3,110 half-pints of milk had been served to local school children during January, the first full month the milk project has been in operation in the town schools. The War Food Administration paid \$62 of the total bill of \$111.17, while the children paid \$34.19 themselves in contributions of a penny or more per day. The balance to be paid by the Woman's club was \$14.38, Mrs. Idle stated. She also announced that her committee had provided a milk formula for a baby and a pair of shoes and overalls for a six-year-old child.

Mrs. Ziegler reported that the Sis- (Please Turn to Page 5)

CHARLES BUPP NEW STEWARD

Charles Bupp, Littlestown R. 2, was appointed new steward at the county home by the Adams county commissioners at their monthly meeting Wednesday at the court house.

Bupp will replace Robert Durbin, who resigned several weeks ago because of ill health, the commissioners reported. Durbin had agreed to retain the position until a successor could be secured. Bupp, who has been engaged in farming all his life, will take over his new duties March 1.

Mrs. Bupp will become the new matron at the home to replace Mrs. Durbin. The Bupps will live in the steward's quarters at the home. The Durbin family have not yet announced their plans for the future.

The commissioners also appointed Roy E. Grove as tax assessor for Hamilton township. Grove was named to fill the unexpired term of Franklin Haar who resigned because he moved from the district.

Combat Badge Is Awarded Soldier

Pfc. Philip G. Ridinger, son of Mr. and Mrs. Howard G. Ridinger, Fourth street, has been awarded the Combat Infantryman Badge as a member of the 87th Infantry Division.

The division, which helped silence the forts of Metz and fought against the German bulge, is one of the youngest divisions in the Army in point of age of its personnel. It was the first to receive "teen-age" replacements, many of its troops coming from discontinued ASTP schools and from air cadet programs. The average age shortly after division's activation was slightly over 21.

BOND FILED

An administration bond in the estate of the late Sadie V. Brough, of Latimore township, was filed today at the office of the register and recorder by John E. Brough, York Springs, R. D., a brother.

Free Pictures Of Kiddies Under 12

Tomorrow at noon photographers from the Woltz Studios of Des Moines, Iowa, will begin taking photographs of Gettysburg and Adams county children—under 12 years of age—free of charge.

The pictures, which later will be published in The Gettysburg Times without any charge to the parents, will be taken from noon to 8 p. m. on Friday, Saturday and next Monday in the Odd Fellows' hall, Chambersburg street.

Parents will be furnished proofs of the pictures and will have an opportunity to order photographs. The orders are voluntary—not compulsory.

STROKE FATAL TO MAN TODAY

Roy Leatherman, 59, Mummasburg, was found dead in the woodshed at his home at 10:45 o'clock this morning.

Dr. C. G. Cfast, Adams county coroner, investigated and attributed death to a stroke.

The deceased had been employed for a number of years as night man in a boiler room at the Gettysburg Ice and Storage plant. About six weeks ago he submitted to an eye operation in Philadelphia and had been planning to resume his work soon.

Among the survivors are his widow; a daughter, Mrs. Harry Harman, Gettysburg R. 3, and nine brothers and sisters.

Funeral arrangements are incomplete.

C.E. Council Plans Special Mission

A special meeting of the Adams County Council of Christian Education was held Wednesday evening at the YWCA building to make plans for the National Mission of Christian Teachers which will be held in Gettysburg some time next month. Charles Gentzler, county president, presided with 10 members in attendance.

Committee appointments were made as follows: Registration, T. J. Winebrenner; publicity, Mrs. Russell Stoops and Miss Nettie Raffensperger and Cyrus Bucher; general committee, Mr. Bucher, Henry Burkhardt, Elmer Schildt, C. D. Krout, Corman Day and Luther Lady, all vice-presidents, the Rev. R. R. Gresh and the Rev. Nevin R. Prantz as well as all members of the council.

CONVICTED NAZI SPY TESTIFIES

Newark, N. J., Feb. 15 (AP)—A convicted Nazi saboteur now serving a life sentence described in federal court yesterday how he and three other saboteurs landed on a Long Island beach from a German submarine lying offshore "in the dark of night" June 13, 1942.

The witness, Ernest Peter Burger, was testifying for the second day in the trial of former Lutheran Minister Carl Emil Ludwig Krepper, of Newark, on charges of conspiring to injure, interfere with and obstruct the defense of the United States. Burger and two other convicted saboteurs, Edward J. Kerling and George John Dasch, and eight other persons are named as co-conspirators in the indictment. Burger and Dasch were the only ones of a group of eight saboteurs to escape with life sentences after an army commission sentenced all to death.

Burger related yesterday that the four boarded a small boat after the submarine surfaced, rowed to shore near Amagansett and took a train to Jamaica There, he said, they split up and planned to reunite at Grant's tomb.

He testified that a handkerchief which belonged to Dasch bore the name of "a minister living in the vicinity of Newark."

When an FBI chemist set up a makeshift laboratory in the courtroom yesterday and tested the handkerchief for writing in invisible ink, several addresses were spelled out, one of which was "Pas. Krepper, c/o E. Frey, R.F.D. 2, Box 40-E, Rahway."

SCOUT BOARD MEETING

Dean W. E. Tilberg, Dr. Frederick Tilberg and O. H. Benson, members of the York-Adams area council board of the Boy Scouts will go to York this evening to attend a board meeting.

FIRE COMPANY WILL CONSIDER NEW HELMETS

James B. Aumen, Gettysburg Fire company president; Raymond Menges, company secretary, and Joseph E. Codori, treasurer, were named to a special committee to investigate the purchase of new helmets for the company at the regular monthly meeting Wednesday evening at the engine house.

The group is to make a survey as to types, prices and other factors and make a report at the next meeting of the company in March when further action will be taken. Firemen are considering the use of money made from salvaging waste paper and other scrap materials for the purchase of the protective head coverings. One fireman said the old helmets "probably have been in use for 20 years."

Scrap Drive This Month

The firemen voted thanks for donations from four county residents at whose homes the company recently extinguished chimney fire. The donations were from Mervin Benner, near Mt. Joy church; Edward Taughnbaugh, near Hunterstown; Joseph A. Smith, along the Hanover road, and Dr. C. F. Sanders, 135 West Broadway.

The name of George Burgner, East Stevens street, was proposed for membership and will be acted upon at the next meeting. A letter was read from Edward Culp, a member of the company who now is serving as a military policeman with General Patton's army on the western front.

The salvage committee reported that the next scrap drive will be held sometime before the end of the month, the exact date to be announced later. James B. Aumen presided at the meeting.

This is how an honorable American soldier charged the Japanese with cruelty to war prisoners and warned them that the Japanese government would be held responsible:

General Headquarters, Southwest Pacific Area, Office of the Commander in Chief, To the Commander in Chief, Japanese Military Forces, in the Philippines, Field Marshal Count Terauchi:

The surrender of American and Filipino forces in previous campaigns in the Philippines was made in full reliance that prisoners of war would be accorded the dignity, honor, and protection provided by the rules and customs of war.

Since then unimpeachable evidence has been furnished me of degradation and even of brutality to which these gallant soldiers have been subjected.

Pvt. Francis L. Shanbrook has arrived safely in France according to word received by his parents, Mr. and Mrs. Roy Shanbrook, Gettysburg R. 5.

Red Army Surges Across Silesia; Canadians Roll On

By HOWARD COWAN

Paris, Feb. 15 (AP)—Canadians fought through flood waters to the west bank of the Rhine opposite Emmerich today and swung slowly along the northern end of the Rhine valley in a drive behind the Siegfried line threatening to outflank the Ruhr munitions industries.

The 20-mile Kieve front was the only active one in the west. On its south flank, British Empire troops crushed a series of violent German counterattacks and pressed close to the key defense bastions of Coeh and Calcar.

More and more Germans were drawn into the semi-aquatic battle which steadily was turning the German flank in the north.

Montgomery's Guns

Barrages from hundreds upon hundreds of Field Marshal Montgomery's big guns and huge fleets of Allied planes paralyzed every German attempt to regain ground and exacted terrible casualties.

The Rhine was reached at Hurendelch. There the river is normally 3,270 feet wide but breaches in dykes in the desolate lowlands have made the Rhine even more impassable.

At low points north of Kieve and west of Emmerich, the Rhine was as wide as the English channel between Calais and Dover and flood waters were eight feet deep, leaving only islands of sunken villages. The Canadians used amphibious tanks to advance.

The Canadian First Army, already behind the Siegfried line and to the Rhine, was in a position to push south and confine or kill the enemy on either side of his west wall fortifications.

Three of Gen. Eisenhower's armies to the south watched with satisfaction a gradual recession of floods on the Roer river barring their path to the Cologne plain. Still farther south and near the center of the western front, the American Third Army made quarter mile advances to within sight of Bitburg, where seven military highways meet.

Wounded Soldier Arrives In States

Lester E. Brown, USA, husband of Mrs. Mary Ida (Mummert) Brown, East Berlin, and son of Curtis Brown, that place, who was wounded in action in the European theater of operations last December and had been under treatment in Europe since that time, arrived in New York for further care during the week.

He was inducted into the armed forces in the spring of 1944 and was sent overseas after several months of training during which time he was stationed at Camp Blanding, Fla. Prior to induction he was engaged in war production work in York. Mrs. Brown left Tuesday to visit him in New York.

Hospital Report

John L. Schwanger, Gettysburg college; Mrs. Andrew Eyster, Emmitsburg; Mrs. Stella Ridge, Emmitsburg; Mrs. Ralph Vaddell, Baltimore, and Mrs. Sarah Rider, 64 Steinwehr avenue, have been admitted as patients to the Warner hospital. Those discharged were William Freed, Gettysburg R. 4, and James Barton, Littlestown.

REPAIR STREETS

Workers from the local office of the state highway department were repairing holes in the street around center square today. A crew of workers cleaned out the holes, caused by the action of the ice and other weather conditions, and were filling and tamping in asphalt and stones this afternoon. A grader was used in the work this morning.

LOCAL R.R. PICTURES

The January issue of the Reading Railroad magazine carried a picture of James Tate, Gettysburg, who retired as a flagman after 40 years of service on the Reading, and a group picture of local Reading crewmen who greeted him at the end of his last run December 1.

NCCW MEETING

O. H. Benson, chairman of the Adams County Free Library board, will be the speaker at the regular meeting of the National Council of Catholic Women Friday evening at 8 o'clock in the social rooms at St. Francis Xavier hall.

London, Feb. 15 (AP)—American heavy bombers carrying out one of the greatest air offensives of the war, blasted Dresden again today, and bombed the clogged rail yards of Cottbus, only 12 miles from a sector in which Russian spearheads were reported operating.

Still another force of American heavy bombers again attacked the synthetic oil plant outside Magdeburg, 75 miles miles southwest of the smoking German capital.

Even while this great armada of more than 1,100 Fortresses and Liberators with 450 fighter escorts was making these attacks, the German radio sounded new alarms. Fresh formations of Allied bombers were reported flying in over Holland and also from the south over Austria.

The attacks brought to about 11,000 thus far the number of planes which have linked the eastern and western battlefronts under a blanket of explosives and incendiaries in the last 48 hours.

Frontline reports said tactical aircraft, also, were having another great field day against Nazi road movements.

Cottbus is a big rail and highway junction squarely in front of Marshal Ivan S. Konev's right flank. It is a fat target, jammed now with Nazi troops and supplies.

Today's powerhouse assaults came after overnight blows by 1,300 RAF planes which struck at the east front rail center of Chemnitz, as well as at other targets.

Germany was undergoing a scourging such as she never before experienced.

BULLETINS

Washington, Feb. 15 (AP)—The Civil Service Commission today found Dr. Alexander H. Stewart, Pennsylvania Secretary of Health, and two subordinates guilty of Hatch Act violations "warranting their removal" from state employment.

The commission's decision said Dr. Stewart "shares responsibility for, and participated in, coercion of employees to make political contributions" in the 1942 state campaign for Republican Governor Edward Martin.

Rome, Feb. 15 (AP)—German infiltration tactics drove back American outposts on the Tyrrhenian coastal sector of the Italian front and a Nazi raid in the Serchio valley forced another slight withdrawal but the ground later was regained, Allied headquarters announced today.

Wounded Littlestown Soldier Recovering

Struck in the head, and body by enemy artillery shrapnel during the fighting in the Huertgen Forest, Pfc. John R. Bloom, 33 Matthias apartments, Littlestown, is now recovering at the 117th United States Army general hospital in England. He wears the Combat Infantry Badge and has been awarded the Purple Heart.

"We were fighting in a long trench in the forest," recalled Pfc. Bloom, an infantryman. "The Jerries were at one end and we were at the other. I remember it was about chow time in the evening and I was getting some rations for the boys when I was hit. It was just as if someone drew a heavy pencil line right across my eyes . . . and the next thing I knew I woke up in Paris. The doctors told me I had been only semi-conscious for eight days. I was later flown to England."

"Pfc. Bloom is making an excellent recovery," according to First Lieutenant Harold W. Brooks, of Patterson, N. J., his ward surgeon.

Before entering the Army in December, 1943, Pfc. Bloom was employed at the Windsor Shoe Company in Littlestown. His wife, Mrs. Madalyn B. Bloom, and parents, Mr. and Mrs. Harry P. Bloom, live at the Matthias apartments.

SOLDIER PROMOTED

Jack W. Miller, son of Mr. and Mrs. J. D. Miller, Biglerville, attached to Supreme Headquarters in France, has been promoted to sergeant. Sergeant Miller went overseas in October, 1942, and has been in France since last October.

By JAMES F. KING

London, Feb. 15 (AP)—Marshal Ivan S. Konev was disclosed by Moscow dispatches today to have reached Goeritz, on the Neisse river only 53 miles east of Dresden, and an unconfirmed French broadcast reported a linkup of his right wing with the First White Russian Army menacing Berlin.

While the main forces of Konev's first Ukrainian Army bore down on Dresden, the bomb-pitted Saxon capital, the French Telegraph agency said the junction of his forces with the First White Russian spearheads of Marshal Gregory Zhukov was reported without confirmation to have been made in the region of Gruenberg, 83 miles southeast of Berlin.

The speed of Konev's drive indicated Nazi resistance in that sector was crumbling.

Breslau Surrounded

Last night the RAF sent another fleet of 1,300 bombers over the Reich, concentrating on Chemnitz and dealing secondary blows to Berlin and a synthetic oil plant near Leipzig.

The new successes of Konev's troops left the Silesian capital of Breslau surrounded some 45 miles behind the Soviet vanguards, and the German radio said the fight for the city of 630,000 was at a climax.

Moscow announced that Marshal Gregory K. Zhukov's First White Russian Army had completed the conquest of the holdout fortress of Schneidemuehl, 15 miles behind the Soviet lines in Pomerania to the North, killing more than 7,000 Germans and capturing 5,000 after a two weeks siege.

Other Russian troops driving northward through the Polish corridor captured 50 additional towns in an area some 60 miles southwest of Dandig and were little more than two miles from the communications center of Chojnice.

In the drive across Silesia Konev's Army was credited with bagging 2,100 prisoners yesterday and taking more than 200 localities, including seven German city strongholds.

New Atrocities By Doomed Japs

Manila, Feb. 15 (AP)—Under skies black from the smoke of new enemy demolition, American troops cautiously tightened an inevitable death noose today on Japanese so desperately they cold-bloodedly shot and bayoneted civilians in south Manila.

Yanks of three divisions closed in on the enemy, fighting for each street intersection, amid a flood of front line reports of Japanese atrocities matching the rape of Nanking.

"The Americans had to move carefully so as not to kill civilians within the Japanese lines. Front line accounts told of the enraged Japanese shooting and bayoneting the unarmed civilians at their mercy."

Explosions and flames swept the old Intramuros, the Ermita, and Malate districts along the Manila bay shore south of the Pasig river mouth. The devastation, wrought by demolition charges, threatened to equal that which ravaged the Escolta business district north of the river.

The doomed Japanese, holed up primarily in the Intramuros, where some walls are 40 feet thick at the base, were weakened but still fighting. Japanese artillery fire fell off markedly after American big guns poured a deadly barrage into the enemy-held sector Tuesday and Wednesday.

COUNTY LIBRARY OPENS DRIVE FOR 3,000 MEMBERS

Plans for the campaign for 3,000 charter memberships in the Adams County Free Library association—which opened officially this morning—were outlined at a special meeting of the association in the court house Wednesday evening at which necessary amendments to constitution and by-laws were voted and authorization was given to the directors to proceed with the incorporation of the association.

Richard A. Brown, Esq., chairman of the membership and foundation committee, listed key people who will direct the membership

A Good Start

Less than 12 hours after the Adams County Free Library association made provision for Life and Club memberships in the organization, the first memberships in those categories were sold.

William "50-50 Bill" Zinkand, Lincolnway east, former president of the Adams County Fish and Game association, took out the first life membership at \$25 and reported the first \$5 club membership in the name of the sportsmen's organization.

Mr. Zinkand's life membership was solicited by his daughter, Mrs. Howard Hartzell, a member of the committee which opened officially this morning the drive for 3,000 charter members of the library organization. Mrs. Hartzell also has reported five new charter memberships.

PROGRAM READY FOR COMMUNITY PRAYER SERVICE

Several new leaders were announced today for parts in the World Day of Prayer service to be sponsored by the Council of Church Women of Gettysburg Friday afternoon at 2:30 o'clock at the College Lutheran church, Chambersburg street.

This is the first time the council, which was organized during the past year, has had charge of the local observance of the prayer service held throughout the world on the first Friday in Lent.

Mrs. Ralph R. Gresh, council president, will be in charge of the program, and other parts of the service will be handled by Mrs. Rudolph Rosenstengel, Mrs. Dunning Ide, Sr., Mrs. R. M. Everette, and Mrs. W. C. Waltemyer.

Theme of the service will be "That ye should show forth the praises of Him who hath called you out of darkness into His marvelous light." The service is divided into a number of parts all of which are developed on the main theme.

Second Service

Persons of all denominations are invited to attend the service. A second World Day of Prayer service has been planned for Friday night by the Business and Professional Women's club and the Annie Danner club. That service will be held on the same theme in the YWCA at 8 o'clock for those persons who are unable to attend the afternoon program.

The council committee in charge of the afternoon service is headed by Mrs. Gresh and other members are Mrs. John Sanderson, Mrs. Milton R. Remmel, Mrs. Everette, Mrs. George Rightmyer and Mrs. Ide. They will be assisted by Mrs. C. C. Culp, of the children's committee, who will be in charge of a nursery which will take care of small children while their mothers are attending the service. Mrs. C. Kenny Fund Has \$481

In her report as chairman of the Welfare committee, Mrs. Dunning Ide, Sr., noted that 3,110 half-pints of milk had been served to local school children during January, the first full month the milk project has been in operation in the town schools. The War Food Administration paid \$62 of the total bill of \$111.17, while the children paid \$34.19 themselves in contributions of a penny or more per day. The balance to be paid by the Woman's club was \$14.38. Mrs. Ide stated. She also announced that her committee had provided a milk formula for a baby and a pair of shoes and overalls for a six-year-old child.

CHARLES BUPP NEW STEWARD

Charles Bupp, Littlestown R. 2, was appointed new steward at the county home by the Adams county commissioners at their monthly meeting Wednesday at the court house.

Bupp will replace Robert Durbin, who resigned several weeks ago because of ill health, the commissioners reported. Durbin had agreed to retain the position until a successor could be secured. Bupp, who has been engaged in farming all his life, will take over his new duties March 1.

Mrs. Bupp will become the new matron at the home to replace Mrs. Durbin. The Bupps will live in the steward's quarters at the home. The Durbin family have not yet announced their plans for the future.

The commissioners also appointed Roy E. Grove as tax assessor for Hamilton township. Grove was named to fill the unexpired term of Franklin Haar who resigned because he moved from the district.

Combat Badge Is Awarded Soldier

Pfc. Philip G. Ridinger, son of Mr. and Mrs. Howard G. Ridinger, Fourth street, has been awarded the Combat Infantryman Badge as a member of the 87th Infantry Division.

The division, which helped silence the forts of Metz and fought against the German bulge, is one of the youngest divisions in the Army in point of age of its personnel. It was the first to receive "teen-age" replacements, many of its troops coming from discontinued ASTP schools and from air cadet programs. The average age shortly after division's activation was slightly over 21.

BOND FILED

An administration bond in the estate of the late Sadie V. Brough, of Latimore township, was filed today at the office of the register and recorder by John E. Brough, York Springs, R. D., a brother.

Free Pictures Of Kiddies Under 12

Tomorrow at noon photographers from the Woltz Studios of Des Moines, Iowa, will begin taking photographs of Gettysburg and Adams county children—under 12 years of age—free of charge.

The pictures, which later will be published in The Gettysburg Times without any charge to the parents, will be taken from noon to 8 p. m. on Friday, Saturday and next Monday in the Odd Fellows' hall, Chambersburg street.

Parents will be furnished proofs of the pictures and will have an opportunity to order photographs. The orders are voluntary—not compulsory.

STROKE FATAL TO MAN TODAY

Roy Leatherman, 59, Mummasburg, was found dead in the woods at his home at 10:45 o'clock this morning.

Dr. C. G. Cist, Adams county coroner, investigated and attributed death to a stroke.

The deceased had been employed for a number of years as night man in a boiler room at the Gettysburg Ice and Storage plant. About six weeks ago he submitted to an eye operation in Philadelphia and had been planning to resume his work soon.

Among the survivors are his widow; a daughter, Mrs. Harry Harman, Gettysburg R. 3, and nine brothers and sisters.

Funeral arrangements are incomplete.

C.E. Council Plans Special Mission

A special meeting of the Adams County Council of Christian Education was held Wednesday evening at the YWCA building to make plans for the National Mission of Christian Teachers which will be held in Gettysburg some time next month. Charles Gentzler, county president, presided with 10 members in attendance.

Committee appointments were made as follows: Registration, T. J. Weinberger; publicity, Mrs. Russell Stoops and Miss Nettie Raffensperger and Cyrus Bucher; general committee, Mr. Bucher, Henry Burkhardt, Elmer Schildt, C. D. Kroust, Corman Day and Luther Lady, all vice-presidents, the Rev. R. R. Gresh and the Rev. Nevin R. Prantz as well as all members of the council.

CONVICTED NAZI SPY TESTIFIES

Newark, N. J., Feb. 15 (AP)—A convicted Nazi saboteur now serving a life sentence described in federal court yesterday how he and three other saboteurs landed on a Long Island beach from a German submarine lying offshore "in the dark of night" June 13, 1942.

The witness, Ernest Peter Burger, was testifying for the second day in the trial of former Ludwig Minister Carl Emil Ludwig Krepper, of Newark, on charges of conspiring to injure, interfere with and obstruct the defense of the United States. Burger and two other convicted saboteurs, Edward J. Kerling and George John Dasch, and eight other persons are named as co-conspirators in the indictment. Burger and Dasch were the only ones of a group of eight saboteurs to escape with life sentences after an army commission sentenced all to death.

Burger related yesterday that the four boarded a small boat after the submarine surfaced, rowed to shore near Amagansett and took a train to Jamaica There, he said, they split up and planned to reunite at Grant's tomb.

He testified that a handkerchief which belonged to Dasch bore the name of "a minister living in the vicinity of Newark."

When an FBI chemist set up a makeshift laboratory in the courtroom yesterday and tested the handkerchief for writing in invisible ink, several addresses were spelled out, one of which was "Pas. Krepper, c/o E. Frey, R.F.D. 2, Box 40-E, Rahway."

SCOUT BOARD MEETING

Dean W. E. Tilberg, Dr. Frederick Tilberg and O. H. Benson, members of the York-Adams area council board of the Boy Scouts will go to York this evening to attend a board meeting.

FIRE COMPANY WILL CONSIDER NEW HELMETS

James B. Aumen, Gettysburg Fire company president, Raymond Menges, company secretary, and Joseph E. Codori, treasurer, were named to a special committee to investigate the purchase of new helmets for the company at the regular monthly meeting Wednesday evening at the engine house.

The group is to make a survey as to types, prices and other factors and make a report at the next meeting of the company in March when further action will be taken. Firemen are considering the use of money made from salvaging waste paper and other scrap materials for the purchase of the protective head coverings. One fireman said the old helmets "probably have been in use for 20 years."

Scrap Drive This Month

The firemen voted thanks for donations from four county residents at whose homes the company recently extinguished chimney fire. The donations were from Mervin Benner, near Mt. Joy church; Edward Taughinbaugh, near Hunterstown; Joseph A. Smith, along the Hanover road, and Dr. C. F. Sanders, 135 West Broadway.

The name of George Burgner, East Stevens street, was proposed for membership and will be acted upon at the next meeting. A letter was read from Edward Culp, a member of the company who now is serving as a military policeman with General Patton's army on the western front.

The salvage committee reported that the next scrap drive will be held sometime before the end of the month, the exact date to be announced later. James B. Aumen presided at the meeting.

Red Army Surges Across Silesia; Canadians Roll On

By HOWARD COWAN

Paris, Feb. 15 (AP)—Canadians fought through flood waters to the west bank of the Rhine opposite Emmerich today and swung slowly along the northern end of the Rhine valley in a drive behind the Siegfried line threatening to outflank the Ruhr munitions industries.

The 20-mile Kieve front was the only active one in the west. On its south flank, British Empire troops crushed a series of violent German counterattacks and pressed close to the key defense bastions of Coch and Calcar.

Montgomery's Guns

Barrages from hundreds upon hundreds of Field Marshal Montgomery's big guns and huge fleets of Allied planes paralyzed every German attempt to regain ground and exacted terrible casualties.

The Rhine was reached at Hurendelch. There the river is normally 3,270 feet wide but breaches in dykes in the desolate lowlands have made the Rhine even more imposing.

At low points north of Kieve and west of Emmerich, the Rhine was as wide as the English channel between Calais and Dover and flood waters were eight feet deep, leaving only islands of sunken villages. The Canadians used amphibious tanks to advance.

The Canadian First Army, already behind the Siegfried line and to the Rhine, was in a position to push south and confine or kill the enemy on either side of his west wall fortifications.

Three of Gen. Eisenhower's armies to the south watched with satisfaction a gradual recession of floods on the Roer river barring their path to the Cologne plain. Still farther south and near the center of the western front, the American Third Army made quarter mile advances to within sight of Bitburg, where seven military highways meet.

Wounded Soldier Arrives In States

Lester E. Brown, USA, husband of Mrs. Mary Ida (Mummert) Brown, East Berlin, and son of Curtis Brown, that place, who was wounded in action in the European theater of operations last December and had been under treatment in Europe since that time, arrived in New York for further care during the week.

He was inducted into the armed forces in the spring of 1944 and was sent overseas after several months of training during which time he was stationed at Camp Blanding, Fla. Prior to induction he was engaged in war production work in York. Mrs. Brown left Tuesday to visit him in New York.

Hospital Report

John L. Schwanger, Gettysburg college; Mrs. Andrew Eyster, Emmitsburg; Mrs. Stella Ridge, Emmitsburg; Mrs. Ralph Waddell, Baltimore, and Mrs. Sarah Rider, 64 Steinwehr avenue, have been admitted as patients to the Warner hospital. Those discharged were William Fredt, Gettysburg R. 4, and James Barton, Littlestown.

REPAIR STREETS

Workers from the local office of the state highway department were repairing holes in the street around center square today. A crew of workers cleaned out the holes, caused by the action of the ice and other weather conditions, and were filling and tamping in asphalt and stones this afternoon. A grader was used in the work this morning.

LOCAL R.R. PICTURES

The January issue of the Reading Railroad magazine carried a picture of James Tate, Gettysburg, who retired as a flagman after 40 years of service on the Reading, and a group picture of local Reading crewmen who greeted him at the end of his last run December 1.

O. H. Benson, chairman of the Adams County Free Library board, will be the speaker at the regular meeting of the National Council of Catholic Women Friday evening at 8 o'clock in the social rooms at St. Francis Xavier hall.

London, Feb. 15 (AP)—American heavy bombers carrying out one of the greatest air offensives of the war, blasted Dresden again today, and bombed the clogged rail yards of Cottbus, only 12 miles from a sector in which Russian spearheads were reported operating.

Still another force of American heavy bombers again attacked the synthetic oil plant outside Magdeburg, 75 miles miles southwest of the smoking German capital.

Even while this great armada of more than 1,100 Fortresses and Liberators with 450 fighter escorts was making these attacks, the German radio sounded new alarms. Fresh formations of Allied bombers were reported flying in over Holland and also from the south over Austria.

The attacks brought to about 11,000 thus far the number of planes which have linked the eastern and western battlefronts under a blanket of explosives and incendiaries in the last 48 hours.

Frontline reports said tactical aircraft, also, were having another great field day against Nazi road movements.

Cottbus is a big rail and highway junction squarely in front of Marshal Ivan S. Konev's right flank. It is a fat target, jammed now with Nazi troops and supplies.

Today's powerhouse assaults came after overnight blows by 1,300 RAF planes which struck at the east front rail center of Chemnitz, as well as at other targets.

Germany was undergoing a scourging such as she never before experienced.

BULLETINS

Washington, Feb. 15 (AP)—The Civil Service Commission today found Dr. Alexander H. Stewart, Pennsylvania Secretary of Health, and two subordinates "warranting their removal" from state employment.

The commission's decision said Dr. Stewart "shares responsibility for, and participated in, coercion of employees to make political contributions" in the 1942 state campaign for Republican Governor Edward Martin.

Rome, Feb. 15 (AP)—German infiltration tactics drove back American outposts on the Tyrrhenian coastal sector of the Italian front and a Nazi raid in the Serchio valley forced another slight withdrawal but the ground later was regained, Allied headquarters announced today.

Wounded Littlestown Soldier Recovering

Struck in the head, and body by enemy artillery shrapnel during the fighting in the Huertgen Forest, Pfc. John R. Bloom, 33 Matthias apartments, Littlestown, is now recovering at the 117th United States Army general hospital in England. He wears the Combat Infantry Badge and has been awarded the Purple Heart.

"We were fighting in a long trench in the forest," recalled Pfc. Bloom, an infantryman. "The Jerries were at one end and we were at the other. I remember it was about chow time in the evening and I was getting some rations for the boys when I was hit. It was just as if someone drew a heavy pencil line right across my eyes . . . and the next thing I knew I woke up in Paris. The doctors told me I had been only semi-conscious for eight days. I was later flown to England."

"Pfc. Bloom is making an excellent recovery," according to First Lieutenant Harold W. Brooks, of Patterson, N. J., his ward surgeon.

Before entering the Army in December, 1943, Pfc. Bloom was employed at the Windsor Shoe Company in Littlestown. His wife, Mrs. Madalyn B. Bloom, and parents, Mr. and Mrs. Harry P. Bloom, live at the Matthias apartments.

SOLDIER PROMOTED

By JAMES F. KING

London, Feb. 15 (AP)—Marshal Ivan S. Konev was disclosed to have reached Goeritz, on the Neisse river only 53 miles east of Dresden, and an unconfirmed French broadcast reported a linkup of his right wing with the First White Russian Army menacing Berlin.

While the main forces of Konev's first Ukraine Army bore down on Dresden, the bomb-pitted Saxon capital, the French Telegraph agency said the junction of his forces with the First White Russian spearheads of Marshal Gregory Zhukov was reported without confirmation to have been made in the region of Guben, 83 miles southeast of Berlin.

The speed of Konev's drive indicated Nazi resistance in that sector was crumbling.

Breslau Surrounded

Last night the RAF sent another fleet of 1,300 bombers over the Reich, concentrating on Chemnitz and dealing secondary blows to Berlin and a synthetic oil plant near Leipzig.

The new successes of Konev's troops left the Silesian capital of Breslau surrounded some 45 miles behind the Soviet vanguards, and the German radio said the fight for the city of 630,000 was at a climax.

Moscow announced that Marshal Gregory K. Zhukov's First White Russian Army had completed the conquest of the holdout fortress of Schneidemuehl, 15 miles behind the Soviet lines in Pomerania to the North, killing more than 7,000 Germans and capturing 5,000 after a two weeks siege.

Other Russian troops driving northward through the Polish corridor captured 50 additional towns in an area some 60 miles southwest of Danzig and were little more than two miles from the communications center of Chojnice.

In the drive across Silesia Konev's Army was credited with bagging 2,100 prisoners yesterday and taking more than 200 localities, including seven German city strongholds.

New Atrocities By Doomed Japs

Manila, Feb. 15 (AP)—Under skies black from the smoke of new enemy demolition, American troops cautiously tightened an inevitable death noose today on Japanese so desperately they cold-bloodedly shot and bayoneted civilians in south Manila.

Yanks of three divisions closed in on the enemy, fighting for each street intersection, amid a flood of front line reports of Japanese atrocities matching the rape of Nanking.

The Americans had to move carefully so as not to kill civilians within the Japanese lines. Front line accounts told of the enraged Japanese shooting and bayoneting the unarmed civilians at their mercy.

Explosions and flames swept the old Intramuros, the Ermita and Malate districts along the Manila bay shore south of the Pasig river mouth. The devastation, wrought by demolition charges, threatened to equal that which ravaged the Escolta business district north of the river.

The doomed Japanese, holed up primarily in the Intramuros, where some walls are 40 feet thick at the base, were weakened but still fighting. Japanese artillery fire fell off markedly after American big guns poured a deadly barrage into the enemy-held sector Tuesday and Wednesday.

GERMANS' LOSS OF BUDAPEST IS CRUCIAL BLOW

By DEWITT MACKENZIE (Associated Press Staff Analyst)

The European war is sweeping across the screen with such speed that there is only a flash of time in which to examine individual operations, but we shouldn't overlook the significance of the Russian capture of Budapest, for its potentialities are tremendous.

The fall of this great city—most important communications center in all southeastern Europe—goes far toward opening the Danubian route into Austria. It means that the Muscovite forces in Hungary have just about smashed the lock on Hitler's back door—a fact which should be considered in connection with the thrust towards Austria by the Czechoslovakia by the southern wing of the Red forces assailing Germany. These two Red operations complement each other.

Now that's a big item. Naturally our attention is centered on the drive for Berlin—the Russian offensive to take Dresden and cut Germany in two—on yesterday's furious assault of 8,000 Allied warplanes under which Dresden and other key cities shuddered—on the Allied attack against the Rhenish defenses through the terrible floods and mud.

After Berlin, What?

But after Berlin has fallen—after the Reich has been slashed in two and the Hitlerites have been kicked out of the northern half—what then? Well, if the Nazis still are capable of carrying on their fanatical suicide-war, we shall see them making a stand in Bavaria and Austria, providing their present plans materialize. Then they will have the Alps at their backs, and in order to shorten the war it will be vastly important for us to be able to get at them through Austria as well as by attacking from the north.

The fall of Budapest, after one of the most fiercely fought and bloody battles of the entire war, releases two strong armies and while there has been no announcement as to their future disposition, observers generally have assumed that Budapest provided a terrible interlude in an offensive against Austria. Marshal Stalin himself, in announcing the capture, referred to the capital as a strategically important German defense center "on the road to Vienna." So he apparently has his eye on Austria.

A Score To Settle

Incidentally, Stalin also disclosed a highly interesting item, in reporting that the Nazi commandant at Budapest, Col. Gen. Pfeffer-Wildenbruch, and his staff were captured in a sewer. Stalin also took pains to repeat that when the Russians sent envoys to the German command in Budapest to demand surrender at the outset of the siege, the Hitlerites killed the envoys. The marshal didn't name Pfeffer-Wildenbruch, but the latter may well have been the man.

If so, I'd hate to be in the colonel general's battle-boots, and one doubts if he himself will be in them long. I'm reminded of a day in 1938 when I rode with the procession when Hitler made his triumphal entry into Czechoslovakia's Sudetenland, after Munich. Pfeffer-Wildenbruch was in command of the Nazi troops which took over the job of policing this new territory, and the German element of the Sudeten population threw flowers into his car—among many others—as he motored over the country highway. There won't be any roses for him this time.

If the Russians choose to continue their offensive to Austria, the next big city to come under fire may be ancient Bratislava, Czechoslovakia's chief Danubian port. This fine old town stands at the junction of the frontiers of Czechoslovakia, Austria and Hungary. It is of great strategic importance for it's situated at the base of the spur of the Carpathians on the bank of the Danube where the river passes through the Thebes gorge. If the Red armies choose to essay the Bratislava pass they'll have to knock out this ten century old city where Hungarian kings were crowned.

Pleads For Freedom For Lithuanians

Washington, Feb. 15 (AP)—In a plea for new independence for Lithuania, Representative Flood (D., Pa.), told Congress today that the small Baltic nation is entitled to separate entity under the principles of the Atlantic Charter.

Taken over by Russian in 1940, by Germany in 1941 when Hitler began the Soviet campaign, and now again by Russia, Lithuania's anniversary of independence tomorrow "will not be observed in Lithuania itself," Flood said in remarks prepared for the House.

It was on February 16, 1918, that Lithuania became an independent nation, he recalled, soon "demonstrating amazing national vitality." "In this year of 1945," Flood said, "it is difficult to foresee with complete certainty the exact status of the Lithuanian nation. Sore and troubled, indeed, has been her tragic lot.

MINK FARM HAD STRANGE START

Wexford, Pa., Feb. 15 (AP)—A toothache is credited with starting one of the biggest mink farms in Western Pennsylvania.

Here at the Wexford ranch in Allegheny county there are some 300 breeders and the owners, O. B. Weinman and Dr. L. C. Baldwin, a Millvale dentist, expect to market 700 pelts this year.

The ranch began six years ago when Weinman consulted Dr. Baldwin about an aching tooth. Between "takes" of the drill, Weinman discussed his ambition to raise chickens.

"What about switching from chickens to mink?" Dr. Baldwin suggested by way of conversation.

It was an idea they both began to think about with the result that they became partners in the mink business.

Although neither of them knew anything about mink raising at the start, the ranch has been successful. Recently they invested \$600 in a rare whitelink "Platina" mink coats bring about \$35,000 on the market. The partners also have high hopes for a "Calico" mink with a highly variegated pelt which they bred themselves.

Policy Approves Church Meetings

Washington, Feb. 15 (AP)—A general policy of approving meetings essential to church management has been adopted by the war committee on conventions.

While each application will be passed upon "on its merits," a spokesman for the committee disclosed today the adoption of the general policy.

Large gatherings unless there is a showing that they are necessary for the "management of the church," can expect a disapproval from the committee.

Three church meetings already have been approved. Each described as a legislative conference, they include the Central Pennsylvania Conference of the Evangelical Church, York, Pa., March 7 to 12.

The convention ban does not apply to local church meetings—those not involving inter-city travel and housing accommodations—or any meeting to be attended by not more than 50 persons.

Reports Rise In Deferments For Federal Workers

Washington, Feb. 15 (AP)—The number of federal workers receiving draft deferments because of their employment has more than doubled since last year, Congress was told today.

The information came from Selective Service Director Lewis B. Hershey in a report which said 265,909 government job-holders qualified for military service were deferred as of December 1, 1944.

In a report a year ago the total was given as 130,605. The figures are for men between the ages of 18 and 38.

In addition to the 265,909, Hershey said 88,293 other federal workers held deferments, but they were not qualified for induction into the armed forces because of physical or other reasons.

He added that of those qualified for service 211,439 are in the 30 to 38 age bracket.

The Navy was listed as having the most deferred personnel, with 155,888, closely followed by the War Department with 112,995. The Post Office Department had 33,076 with other agencies far below.

State leaders included Pennsylvania with 28,986 deferments, Delaware had the fewest with 403; New Jersey had 9,008.

GERMANS' LOSS OF BUDAPEST IS CRUCIAL BLOW

By DEWITT MACKENZIE (Associated Press War Analyst)

The European war is sweeping across the screen with such speed that there's only a flash of time in which to examine individual operations, but we shouldn't overlook the significance of the Russian capture of Budapest, for its potentialities are tremendous.

The fall of this great city—most important communications center in all southeastern Europe—goes far toward opening the Danubian route into Austria. It means that the Muscovite forces in Hungary have just about smashed the lock on Hitler's back door—a fact which should be considered in connection with the thrust towards Austria via Czechoslovakia by the southern wing of the Red forces assaulting Germany. These two Red operations complement each other.

Now that's a big item. Naturally our attention is centered on the drive for Berlin—the Russian offensive to take Dresden and cut Germany in two—on yesterday's furious assault of 8,000 Allied warplanes under which Dresden and other key cities shuddered—on the Allied attack against the Rhenish defenses through the terrible floods and mud.

After Berlin, What?

But after Berlin has fallen—after the Reich has been slashed in two and the Hitlerites have been kicked out of the northern half—what then? Well, if the Nazis still are capable of carrying on their fanatical suicide-war, we shall see them making a stand in Bavaria and Austria, providing their present plans materialize. Then they will have the Alps at their backs, and in order to shorten the war it will be vastly important for us to be able to get at them through Austria as well as by attacking from the north.

The fall of Budapest, after one of the most fiercely fought and bloody battles of the entire war, releases two strong armies and while there has been no announcement as to their future disposition, observers generally have assumed that Budapest provided a terrible interlude in an offensive against Austria. Marshal Stalin himself, in announcing the capture, referred to the capital as a strategically important German defense center "on the road to Vienna." So he apparently has his eye on Austria.

A Score To Settle

Incidentally, Stalin also disclosed a highly interesting item, in reporting that the Nazi commandant at Budapest, Col. Gen. Pfeffer-Wildenbruch, and his staff were captured in a sewer. Stalin also took pains to repeat that when the Russians sent envoys to the German command in Budapest to demand surrender at the outset of the siege, the Hitlerites killed the envoys. The marshal didn't name Pfeffer-Wildenbruch, but the latter may well have been the man.

If so, I'd hate to be in the colonel general's battle-boots, and one doubts if he himself will be in them long. I'm reminded of a day in 1938 when I rode with the procession when Hitler made his triumphal entry into Czechoslovakia's Sudetenland, after Munich. Pfeffer-Wildenbruch was in command of the Nazi troops which took over the job of policing this new territory, and the German element of the Sudeten population threw flowers into his car—among many others—as he motored over the country highway. There won't be any roses for him this time.

If the Russians choose to continue their offensive to Austria, the next big city to come under fire may be ancient Bratislava, Czechoslovakia's chief Danubian port. This fine old town stands at the junction of the frontiers of Czechoslovakia, Austria and Hungary. It is of great strategic importance for it's situated at the base of the spur of the Carpathians on the bank of the Danube where the river passes through the Thebes' gorge. If the Red armies choose to essay the Bratislava pass they'll have to knock out this ten century old city where Hungarian kings were crowned.

Pleads For Freedom For Lithuanians

Washington, Feb. 15 (AP)—In a plea for new independence for Lithuania, Representative Flood (D., Pa.), told Congress today that the small Baltic nation is entitled to separate entity under the principles of the Atlantic Charter.

Taken over by Russian in 1940, by Germany in 1941 when Hitler began the Soviet campaign, and now again by Russia, Lithuania's anniversary of independence tomorrow "will not be observed in Lithuania itself," Flood said in remarks prepared for the House.

It was on February 16, 1918, that Lithuania became an independent nation, he recalled, soon "demonstrating amazing national vitality."

"In this year of 1945," Flood said, "it is difficult to foresee with complete certainty the exact status of the Lithuanian nation. Sore and troubled, indeed, has been her tragic lot.

The Renaissance was a rebirth of interest in the life and literature of ancient Greece and Rome.

YANKS CRACK PILLBOX NEST

With the 80th Division, Wallendorf, Germany, Feb. 14 (Delayed AP)—At the bottom of a 375-foot stone cliff pimpled with wrecked Siegfried line pillboxes, about 30 doughboys knelt in the open air at Protestant and Catholic services today and thanked God they were among those who emerged alive from a mission that seemed certain death.

Services paused from time to time because of deafening explosions as the pillboxes were destroyed so that the Germans could never use them again.

The doughboys were members of Company "C" of the First Battalion of the 319th Regiment who crossed the flooded Oder river at Wallendorf February 7, with German pillboxes "looking right down their throats."

For four days fire from the pillboxes was so intense a bridge could not be constructed. Wounded could be evacuated in boats only at night. The more seriously wounded could not be moved across the river for the first three days.

Gazing at the cliff, Pfc. Herman Rissinger, of West Chester, Pa., a machine-gunner, declared, "you wouldn't believe anyone could take an objective like that against the Krauts in thick cement pillboxes, but we did it. Don't ask me how. I've been wondering too."

ATTACK ON SENATOR
Moscow, Feb. 15 (AP)—Izvestia assailed Senator Burton K. Wheeler today for criticism of the Polish agreement in the Crimea conference, calling the Montana Democrat "a worshipper of the reactionary clique of Polish exiles and a leader of the pro-Fascist element in the United States."

London, Feb. 15 (AP)—Both the Paris and Moscow radios reported today the Heinrich Himmler had ordered the Gestapo to destroy all lists of party members and payrolls.

MINK FARM HAD STRANGE START

Wexford, Pa., Feb. 15 (AP)—A toothache is credited with starting one of the biggest mink farms in Western Pennsylvania.

Here at the Wexford ranch in Allegheny county there are some 300 breeders and the owners, O. B. Weinman and Dr. L. C. Baldwin, a Millvale dentist, expect to market 700 pelts this year.

The ranch began six years ago when Weinman consulted Dr. Baldwin about an aching tooth. Between "takes" of the drill, Weinman discussed his ambition to raise chickens.

"What about switching from chickens to mink?" Dr. Baldwin suggested by way of conversation. It was an idea they both began to think about with the result that they became partners in the mink business.

Although neither of them knew anything about mink raising at the start, the ranch has been successful. Recently they invested \$600 in a rare whitelink, "Platina" mink coats bring about \$35,000 on the market. The partners also have high hopes for a "Calico" mink with a richly variegated pelt which they bred themselves.

Policy Approves Church Meetings

BULLETS DROP THRILLER TO ALBRIGHT FIVE

In a game which kept the fans on edge from start to finish and in which the lead saw-sawed throughout, the Albright Lions nosed out the Gettysburg college quintet on the local floor Wednesday evening 5-4.

Paced by a giant forward, George Landis, who towered six feet six, and who landed 22 points, the once-entitled Albright outfit was given a surprise by the scrappy Breammen who gave the Lions one of their stiffest fights of the season.

Neither team could secure a substantial lead at any time, Albright leading 8-3 early in the first period for the biggest lead of the evening. No more than three points separated the teams most of the time.

Bobby March again paced the Bullets with 20 points. Phil Marini was outstanding for Gettysburg and was all over the floor, making the ball off the back-boards and again and breaking up the Albright attack with many interceptions. He also landed a total of 12 points.

Tough Defense

Albright used a zone type of defense in which the giant Landis was the king-pin. Unable to effectively breach the zone defense from close angles, the Bullets relied on the long-goal tossing of March, Martini and Shepherd which nearly turned the tide.

After the Bullets battled their way into a 15-14 lead at the close of the first period, Albright forged ahead 29-26 at half time due to the goal tossing of Landis in the second period. Landis netted six goals during the period. The quarter was captured on the part of the Bullets by a sensational goal tossing by March.

The lead changed hands several times in the third quarter and finally wound up in a 37-37 deadlock. Landis was held scoreless during the quarter by Shepherd.

The last period was but a repetition of the first three rounds. Midway in the quarter Martini put the Bullets out in front 42-41 with a fair of fous. Saylor sent Albright head with a short shot and Landis followed with a close shot with three minutes remaining. March popped a one-handed stab for the Bullets but Landis retaliated with a nice one-hander. During the final two minutes the Bullets continually pushed their opponents who drew three successive foul awards but failed to take the ball out of bounds in an effort to "freeze" the all.

Seminary Wins

The Lutheran Theological seminary five spotted the Westminster seminary dribblers an 8-1 lead early in the first period and then put on a fast finish to win the preliminary game 46-24.

Waynesboro to Meet Maroons Here Friday

Although the Gettysburg high Maroons are definitely out of the championship race in the Southern Pennsylvania Interscholastic league, they are not taking their two remaining league games lightly. Their hopes centered on gaining the runner-up spot to Chambersburg in the Southern division.

First of the two league games will be with Waynesboro high on the local floor Friday evening.

Although the Maroons handed the Tornado a decisive defeat several weeks ago at Waynesboro, Coach Bream and his lads are taking the coming game seriously and as preparing for a stiff battle.

There is little doubt the Waynesboro team has improved recently, having defeated Lemasters to stop a 10-game losing streak.

At present the Maroons and Hanover are tied for second place in the Southern division with two wins and two defeats apiece. Following the Waynesboro tilt, the Breammen will meet Hanover high here on February 23 to wind up their league campaign. Victories in both games are needed to clinch second place.

The Waynesboro high reserves, 35-23 victors over the Maroon javees at Waynesboro, will play here in the preliminary game Friday evening at 7 o'clock.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Feb. 15 (AP) — When an American army boxing team from Calcutta cleaned up in the all-India boxing tournament at Lahore last week, it also brought to light a few items that might be considered by Eddie Egan in his efforts to improve boxing in New York.

The Yanks, led by Major Anthony H. Ortenzi, of Baltimore, took four individual titles—winners were Pvt. Jesse Dean, of Grand Rapids, Mich.; Pvt. Jimmy Rouse, of Albany, N. Y.; Pvt. Joe Frischer, of Sacramento, Calif.; and Pvt. Johnny Miller, of Stockton, Calif.—two runners-up and the team crown. Miller also got a prize for being the "most scientific" boxer in the tournament.

The real highspot was that the tourney was fought under British rules: The referee remained outside the ring, fans weren't allowed to make noise except between rounds and tea was served to ring-siders each of the six nights of scrapping.

STILL CUTTING TAPERS

Tony Balash, former national collegiate 165-pound boxing champion from Syracuse U., now is on the road selling church candles in Pennsylvania, New York and New England. Tony, who pinch-hit as Syracuse coach for two years after Roy Simmons joined the navy, is in demand as a college referee, but he declines all offers because his work "won't permit me to burn the candle at both ends."

SPORTS BEFORE YOUR EYES

Joe Binks, English track expert, claims that Jack Donaldson, of Australia, should be the world 100-yard record holder instead of Jesse Owens. In a race at Johannesburg, South Africa, in 1910 Donaldson was timed in 9.2 seconds over a heavy track. That figures out to 9.375 as compared to Owens' 9.400.

Roger Leger Sets Ice Loop Record

(By The Associated Press)

Roger Leger, Buffalo defenseman, established a new American Hockey league record by bagging his 34th assist last night when the league-leading Bisons shaded the Indianapolis Capitals, 4-3.

The former mark was held by Roger Jenkins who was credited with 33 assists in the 1942-43 season with the Hershey Bears.

The Bisons overcame a 2-0 deficit with four straight goals before the Caps could come back with their final encounter.

Two free-for-all battles highlighted the Hershey Bears' 5-2 victory over Providence, the contest resulting in five major and one match penalty. In the final scramble, Manny Cotlow, Reds' defenseman, was charged with whacking a spectator over the head with his hockey stick and was banished.

STATE DEFEATS TEMPLE OWLS IN RECORD GAME

(By The Associated Press)

Temple and Penn State made basketball history last night.

Tired, grim and unyielding, the two teams fought a drama-packed game into five extra periods—maintaining the play for two hours and twenty minutes—in what was believed to be the longest collegiate court contest on record.

Temple finally won 63 to 60. Three thousand watched.

Bill Budd, lean Temple captain, charged into Slim Currie, Lions center, for a foul to set the stage for the winning play. Currie missed his shot, Jack McCarthy, Penn State sub, grabbed the ball, dribbled wildly down court and looped in a layup that won the game.

Lafayette swamped Rutgers, 41 to 20, at Easton, coming from behind in the last period after an early sea-saw battle. At Pittsburgh, Pitt broke a five-year jinx by trouncing Westminster, 75-56, with Orland Canterna, freshman guard from Freeport, scoring 37 of the victors' points.

Dickinson Loses

Highly-favored Albright nosed out Gettysburg, 47-44, at Gettysburg, in a game decided only in the closing minute. Susquehanna beat Dickinson, 34-29, at Selinsgrove. Susquehanna's Berney Swiencki scoring 18 points to boost his season's total to 295 in 14 games.

In Philadelphia, LaSalle College whipped Loyola of Baltimore, 59 to 44. LaSalle held the lead from the start. The victors beat Loyola 82 to 42 earlier in the season.

In out-of-state games, Army drubbed St. John's, 56 to 39; Navy, pressed to the hilt, rallied in the last half to beat Muhlenberg, 40 to 33, handing the Mules their second loss in 23 starts; and City College of New York, overcoming early leads, beat St. Joseph's, 60-49.

tories against no losses record was disclosed today by the American League service bureau.

The Browne hurler, who won 13 games in all last season, chalked up three wins after dark against Philadelphia and won single night games from Washington, New York and Cleveland. Ernie Bonham of New York followed Muncieff with four are-light triumphs and no defeats.

State College, Pa., Feb. 15 (AP)—Temple basketballers beat Penn State, 63 to 60, last night in a game that went into five extra periods—and lasted two hours and 20 minutes. Penn State said it was believed to be the longest college game in history.

Robinson Gains First Round K.O.

Chicago, Feb. 15 (AP) — Ray (Sugar) Robinson, New York welterweight, today was headed farther up the trail he hopes will end in a title bout with Champion Freddie (Red) Cochrane, also of New York.

Robinson cleared one hurdle represented by George (Sugar) Costner in Chicago stadium last night, and it took him only two minutes and 55 seconds to do it.

Costner previously had won 23 straight bouts by knockouts, and although he was on the short end of 3-1 odds, the somewhat partisan crowd of 20,193 that paid \$4,120 to witness the bout expected him to make a better showing.

But Robinson, the master, kept away from the sleepy-eyed Costner and when the two got into close quarters, ended the fight with such surprising suddenness it took the crowd several minutes to recover.

LANKY QUAKER ACE ACCLAIMED

Philadelphia, Feb. 15 (AP)—They laughed when Lanky Howard Dallmar set out to play basketball for Penn this year.

In fact, entire crowds booed and jeered, and some tagged the 22-year-old Navy V-7 trainee "the ugly duckling," because he seemed so clumsy.

Now they hail him as one of basketball's all-time greats.

Dallmar, a former Stanford player who led Penn to the Eastern College league championship with brilliant offensive and defensive play, has been called "the best feeder player that ever played college basketball," and a "player of perfect games," and his coach, writers and even professionals join in extolling his wizardry, shown mainly in his knack of stealing the ball and whipping it full-length down the floor for a team-mate to bag a layup.

When Penn lost two of its first three games, Convention Hall throngs rattled the rafters in anger because the ball so often sizzled from his hands into the stands, or into the possession of opponents.

It isn't that Dallmar has improved since then. It's just that the team has learned to catch him.

"Why did they boo Dallmar?" asks Joe Lapchick, St. John's university coach and one-time professional great. "The man played perfect basketball. He threw them right. Others missed."

BULLETS DROP THRILLER TO ALBRIGHT FIVE

In a game which kept the fans on edge from start to finish and in which the lead saw-sawed throughout, the Albright Lions nosed out the Gettysburg college quintet on the local floor Wednesday evening 47-44.

Paced by a giant forward, George Landis, who towered six feet six, and who landed 22 points, the once-beaten Albright outfit was given a big surprise by the scrappy Breammen who gave the Lions one of their stiffest fights of the season.

Neither team could secure a substantial lead at any time, Albright going ahead 8-3 early in the first period for the biggest lead of the evening. No more than three points separated the teams most of the time.

Bobby March again paced the Bullets with 20 points. Phil Martini was outstanding for Gettysburg and was all over the floor, taking the ball off the back-boards time and again and breaking up the Albright attack with many interceptions. He also landed a total of 12 tallies.

Tough Defense

Albright used a zone type of defense in which the giant Landis was the king-pin. Unable to effectively pierce the zone defense from close angles, the Bullets relied on the long-goal tossing of March, Martini and Shepherd which nearly turned the tide.

After the Bullets battled their way into a 15-14 lead at the close of the first period, Albright forged ahead 29-26 at half time due to the goal tossing of Landis in the second round. Landis netted six goals during the period. The quarter was featured on the part of the Bullets by sensational goal tossing by March.

The lead changed hands several times in the third quarter and finally wound up in a 37-37 deadlock. Landis was held scoreless during the quarter by Shepherd.

The last period was but a repetition of the first three rounds. Midway in the quarter Martini put the Bullets out in front 42-41 with a pair of fouls. Saylor sent Albright ahead with a short shot and Landis followed with a close shot with but three minutes remaining. March looped a one-handed stab for the Bullets but Landis retaliated with a nice one-hander. During the final two minutes the Bullets continually rushed their opponents who drew three successive foul awards but elected to take the ball out of bounds in an effort to "freeze" the ball.

Seminary Wins

The Lutheran Theological seminary five spotted the Westminster seminary dribblers an 8-1 lead early in the first period and then put on a fast finish to win the preliminary game 46-24.

Chicago, Feb. 15 (AP)—Outfielders Al Zarilla and Mike Kreevich of the St. Louis Browns led all American league hitters in after-dark games during the 1944 season. Zarilla wound up with a night-hitting range of 407, while veteran Kreevich batted .377 in contests under the lights.

Chicago, Feb. 15 (AP)—Bob Muncie, of the St. Louis Browns, was the leading "dark" horse twirler of the 1944 American League season as his six night-contest vic-

Roger Leger Sets Ice Loop Record

(By The Associated Press) Roger Leger, Buffalo defenseman, established a new American Hockey league record by bagging his 34th assist last night when the league leading Bisons shaded the Indianapolis Capitals, 4-3.

The former mark was held by Roger Jenkins who was credited with 33 assists in the 1942-43 season with the Hershey Bears.

The Bisons overcame a 2-0 deficit with four straight goals before the Caps could come back with their final encounter.

Two free-for-all battles highlighted the Hershey Bears' 5-2 victory over Providence, the contest resulting in five major and one match penalty. In the final scramble, Manny Cotlow, Reds' defenseman, was charged with whacking a spectator over the head with his hockey stick and was banished.

STATE DEFEATS TEMPLE OWLS IN RECORD GAME

(By The Associated Press) Temple and Penn State made basketball history last night.

Tired, grim and unyielding, the two teams forced a drama-packed game into five extra periods—maintaining the play for two hours and twenty minutes—in what was believed to be the longest collegiate court contest on record.

Temple finally won 63 to 60. Three thousand watched.

Bill Budd, lean Temple captain, charged into Slim Currie, Lions center, for a foul to set the stage for the winning play. Currie missed his shot, Jack McCarthy, Penn State sub, grabbed the ball, dribbled wildly down court and looped in a layup that won the game.

Lafayette swamped Rutgers, 41 to 29, at Easton, coming from behind in the last period after an early see-saw battle. At Pittsburgh, Pitt broke a five-year jinx by trouncing Westminster, 75-56, with Orland Cantera, freshman guard from Freeport, scoring 37 of the victors' points.

Highly-favored Albright nosed out Gettysburg, 47-44, at Gettysburg, in a game decided only in the closing minute. Susquehanna beat Dickinson, 34-29, at Selingsgrove. Susquehanna's Berney Swiencki scoring 18 points to boost his season's total to 295 in 14 games.

In Philadelphia, LaSalle College whipped Loyola of Baltimore, 59 to 44. LaSalle held the lead from the start. The victors beat Loyola 82 to 42 earlier in the season.

In out-of-state games, Army drubbed St. John's, 56 to 39; Navy, pressed to the hilt, rallied in the last half to beat Muhlenberg, 40 to 33, handing the Mules their second loss in 23 starts; and City College of New York, overcoming early leads, beat St. Joseph's, 60-49.

tories against no losses record was disclosed today by the American League service bureau.

The Brownie hurler, who won 13 games in all last season, chalked up three wins after dark against Philadelphia and won single night games from Washington, New York and Cleveland. Ernie Bonham of New York followed Muncie with four arc-light triumphs and no defeats.

State College, Pa., Feb. 15 (AP)—Temple basketballers beat Penn State, 63 to 60, last night in a game that went into five extra periods—and lasted two hours and 20 minutes. Penn State said it was believed to be the longest college game in history.

WAYNESBORO TO MEET MAROONS HERE FRIDAY

Although the Gettysburg high Maroons are definitely out of the championship race in the Southern Pennsylvania Interscholastic league, they are not taking their two remaining league games lightly, their hopes centered on gaining the runner-up spot to Chambersburg in the Southern division.

First of the two league games will be with Waynesboro high on the local floor Friday evening.

Although the Maroons handed the Tornado a decisive defeat several weeks ago at Waynesboro, Coach Bream and his lads are taking the coming game seriously and as preparing for a stiff battle.

There is little doubt the Waynesboro team has improved recently, having defeated Lemasters to stop a 10-game losing streak.

At present the Maroons and Hanover are tied for second place in the Southern division with two wins and two defeats apiece. Following the Waynesboro tilt, the Breammen will meet Hanover high here on February 23 to wind up their league campaign. Victories in both games are needed to clinch second place.

The Waynesboro high reserves, 35-33 victors over the Maroon Jayvees at Waynesboro, will play here in the preliminary game Friday evening at 7 o'clock.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Feb. 15 (AP)—When an American army boxing team from Calcutta cleaned up in the all-India boxing tournament at Lahore last week, it also brought to light a few items that might be considered by Eddie Egan in his efforts to improve boxing in New York. The Yanks, led by Major Anthony H. Ortenzi, of Baltimore, took four individual titles—winners were Pvt. Jesse Dean, of Grand Rapids, Mich.; Pvt. Jimmy Rouse, of Albany, N. Y.; Pvt. Joe Frischer, of Sacramento, Calif.; and Pvt. Johnny Miller, of Stockton, Calif.—two runners-up and the team crown. Miller also got a prize for being the "most scientific" boxer in the tournament.

The real highspot was that the tourney was fought under British rules: The referee remained outside the ring, fans weren't allowed to make noise except between rounds and tea was served to ring-siders each of the six nights of scrapping.

STILL CUTTING TAPERS

Tony Balash, former national collegiate 165-pound boxing champion from Syracuse U., now is on the road selling church candles in Pennsylvania, New York and New England. Tony, who pinch-hit as Syracuse coach for two years after Roy Simmons joined the navy, is in demand as a college referee, but he declines all offers because his work "won't permit me to burn the candle at both ends."

SPORTS BEFORE YOUR EYES

Joe Binks, English track expert, claims that Jack Donaldson, of Australia, should be the world 100-yard record holder instead of Jesse Owens. In a race at Johannesburg, South Africa, in 1910 Donaldson was timed in 9.4 seconds over a heavy track. That figures out to 9.375 as compared to Owens' 9.400. Indiana's Hank Johnston, vice president for athletics of the American College Publicity association, blasts football and publicists for fake "bear stories" in the current issue

Robinson Gains First Round K.O.

Chicago, Feb. 15 (AP)—Ray (Sugar) Robinson, New York welterweight, today was headed farther up the trail he hopes will end in a title bout with Champion Freddie (Red) Cochrane, also of New York.

Robinson cleared one hurdle represented by George (Sugar) Costner in Chicago stadium last night, and it took him only two minutes and 55 seconds to do it.

Costner previously had won 23 straight bouts by knockouts, and, although he was on the short end of 3-1 odds, the somewhat partisan crowd of 20,193 that paid \$94.126 to witness the bout expected him to make a better showing.

But Robinson, the master, kept away from the sleepy-eyed Costner and when the two got into close quarters, ended the fight with such surprising suddenness it took the crowd several minutes to recover.

SERVICE DEPT.

Cpl. Doug Gary reports that his bomb squad in France is hoping for another basketball season like it had in 1943 "when we won everything in that Southern Carolina." The team, headed by Lt. Harvey Adams, of Texas Wesleyan, is ready to challenge anything on the western front. S. Sgt. Dave Orrell, of Fort Sheridan, Ill., figures he must have set a record of some sort the other night. At 6 p. m. he played forward on the headquarters cage team; at 7 he coached the WACs and then he donned the referee's striped shirt to handle the evening's final contest.

LANKY QUAKER ACE ACCLAIMED

Philadelphia, Feb. 15 (AP)—They laughed when Lanky Howard Dallmar set out to play basketball for Penn this year.

In fact, entire crowds booed and jeered, and some tagged the 22-year-old Navy V-7 trainee "the ugly duckling," because he seemed so clumsy.

Now they hail him as one of basketball's all-time greats.

Dallmar, a former Stanford player who led Penn to the Eastern College league championship with brilliant offensive and defensive play, has been called "the best feeder player that ever played college basketball" and a "player of perfect games," and his coach, writers and even professionals join in extolling his wizardry, shown mainly in his knack of stealing the ball and whipping it full-length down the floor for a team-mate to bag a layup.

When Penn lost two of its first three games, Convention Hall throngs rattled the rafters in anger because the ball so often sizzled from his hands into the stands, or into the possession of opponents.

It isn't that Dallmar has improved since then. It's just that the

team has learned to catch him. "Why did they boo Dallmar?" asks Joe Lapchick, St. John's university coach and one-time professional great. "The man played perfect basketball. He threw them right. Others missed."

FDR AT MARSEILLE

New York, Feb. 15—President Roosevelt, on his way back from the Crimea conference, "is said to have made a short stay at Marseille," the Paris radio said today, quoting the Marseille press CBS recorded the broadcast.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 quarts a day. When a disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with stinging and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Shearer Will Retain Office by New Ruling: John C. Shearer, Republican, will continue in office as sheriff of Adams county, the position to which he was elected in the general election of 1923.

The state supreme court on Monday affirmed the decision of Judge D. P. McPherson in the local court last November, when he said that the absence of certain words from the affidavit of the petitioners that the election of Sheriff Shearer was undue and illegal made the affidavit untenable.

At Capital Conference: A. B. Plank, president, and George Black, secretary, of the Gettysburg school board, went to Harrisburg Tuesday to attend a meeting of a state association of school directors.

Birth Announcement: Mr. and Mrs. Walter Small, South Washington street, announce the birth of a daughter Wednesday morning. There are ten children in the Small family.

Local Woman Is Guest at Dinner: Mrs. Harold Lewars was among the guests at the dinner at the Civic Club in Harrisburg Thursday night, which the College Club gave for Miss Margaret Widdemer, author and poet. Covers were laid for about thirty guests.

New Radio Station Will Soon Broadcast: Chicago, Feb. 12—A new radio station to be known as "WHT," in the Wrigley building, to cost \$200,000, will go on the air shortly from Chicago to radiocast national and international programs.

Nurses Home to Be Finished Soon: The nurses home at the Warner hospital will be ready for occupancy within a month, the February meeting of the board of directors of the institution was informed, Friday, S. G. Bigham, Biglerville, president of the board, presided.

Birth Announcement: Mr. and Mrs. Banks Benner, of Fairfield, announce the birth of a daughter, Mabert, at home, Friday, February the thirteenth.

Club Concert Wednesday Night: Music lovers of Gettysburg are promised an unusual treat Wednesday evening, when the Gettysburg College Glee Club and orchestra make their debut before a local audience in Brna Chapel, presenting what rehearsal-reviewers declare is the "best musical program ever rendered by a college organization here."

John Sperry, leader of the club, has had a varied experience in the musical world and was formerly pianist for a well known orchestra in New York. Mr. Sperry features on the piano and banjo as well as participating in the club numbers.

Marriage License: George W. Crum, son of Mr. and Mrs. Abel Crum, Gardner, and Miss Tressie M. Cline, daughter of Mr. and Mrs. R. Calvin Cline, Gardner, were granted a marriage license at the office of Luther C. Plank, clerk of the courts, Saturday afternoon.

Missionaries Fill Two Local Pulpits: Miss Allene Dechant, of Hanover, who spent 3 years in China and Japan in the mission fields of the Reformed church, made a deep impression upon the audience of Trinity Reformed church Sunday morning.

Rev. Donald L. L. Uhl, president of the Lutheran College at Guntur, India, and fifty years a foreign missionary in the Lutheran church, spoke at the morning service of St. James Lutheran church, Sunday.

Forney Hearing Set for Thursday: Among the cases listed for a hearing Thursday before the public service commission at Harrisburg, is that of D. J. Forney, Gettysburg, who is seeking the commission's approval and a certificate permitting him to operate sightseeing buses from Harrisburg and Gettysburg for groups of ten or more persons.

Personal: Powers Pittenturf and family returned home from Washington, D. C., where they attended the funeral of William Hollebaugh.

Mr. and Mrs. S. F. Snyder, Mrs. Harmon Sisson, Mr. and Mrs. Mark K. Eckert, Dr. and Mrs. Karl Grimm, Dr. and Mrs. E. H. Sehrt, Professor and Mrs. Rudolph Rosenstengel were among those who heard the musical given Monday night in the York high school auditorium by Mlle. Margaret Matzenour, contralto and Efreim Zimbalist, violinist.

When the United States was first established, there was no money in the federal treasury and no machinery for collecting taxes, no judiciary, no court system and no means of enforcing federal law.

DEADLINE FOR LEWIS DECISION IS MIDNIGHT
By HAROLD WARD
(Associated Press Labor Writer)
Miami, Fla., Feb. 15 (AP)—John L. Lewis, a veteran deadline meeter, has until tonight to accept the AFL executive council's terms for re-affiliation of his United Mine Workers.

The council arranged to wind up its mid-winter sessions here tonight, after telling Lewis it might favor but could not guarantee him a place on the council as a condition to his return.

Lewis, exhibiting little penitence for his past criticism of the federation, which he left in 1937, asked that a representative of the miners be named to the 15-member council which governs the American Federation of Labor.

Organize Office Workers
The miners' boss once sat on the council, and it was obvious that he did not desire to return as just another union leader. The UMWA has approximately 500,000 active members, and with those in the armed services the total is probably 600,000. This is as large as the carpenters and teamsters brotherhoods, and almost as big as the machinists, all of which are represented on the council.

The council, while awaiting a reply from Lewis, issued a statement urging that the minimum wage level provided in the Fair Labor Standards Act be raised from 40 to 75 cents an hour, to meet wartime problems of white collar and government workers.

"Significantly, the workers hardest hit by mounting living costs during the war have been those known as white collar workers," the council said.

"The AFL has now issued a charter to the Office Employees International Union and it is determined to undertake a strong organizational campaign that will offer concrete benefits to white collar workers," the council said.

Fertilizers For Potatoes
Home gardeners and farmers may profitably take a leaf from the commercial potato grower's book of experience in respect to increased use of fertilizers and methods of their application. Here are two important keys to vastly enhanced tuber yields and improved quality.

In the famous Crostok County (Maine) potato region the rate of fertilizer application for potatoes is often well above a ton to the acre, depending on the closeness of seed spacing in the row. For example, if seed pieces are spaced 8 inches apart instead of 12 inches, there will be about 22,000 plants per acre, or 50 per cent more than at the wider rate of spacing. Obviously the closer planting will necessitate more plant food to sustain the greater number of plants. Hence there are cases where growers apply 2,500 to 3,000 pounds of complete fertilizer per acre.

Fertilization Range
Many commercial growers in the Long Island (New York) and New Jersey gardening sections use around 1,800 to 2,000 pounds per acre, particularly where supplies of manure are limited. In numerous Pennsylvania and western New York regions the rate of fertilization ranges as low as 600 to 1,200 pounds to the acre.

Fear of injury to the growing plants often leads potato growers to use less fertilizer than warranted. Of course, on sandy types of soil where moisture loss is rapid, the rate of fertilizer applications should seldom be above 500 pounds per acre, while on heavier clay loams it may be increased without danger, especially if the moisture-holding properties of the soil are adequate.

Strength of fertilizer mixtures depends also on soil types, with analyses ranging from 4-12-4 to 4-16-8 or 5-10-10. Here experience must be the main guide, with the practices of nearby commercial growers considered. Too, previous crops and the rotation in general must help to govern the fertilizer analysis. In average garden loams the prevailing fertilizer allowed this year by war restrictions will have to be accepted.

Placement is perhaps more important in determining potato yields than the analysis used or the amount applied. This is amply illustrated by tests made at the Ohio Experiment Station. Where the fertilizer was applied directly in the row and in contact with the seed, the yield was 108.7 bushels per acre; where it was placed 2 inches below the seed in a single bottom-of-the-row band, the yield was 195.9 bushels; but where it was distributed in two bands, one on each side of the seed row and 2

inches away from the seed, the yield was 211.2 bushels per acre. In other words, the difference between the common method of fertilizer application in the rows and the improved distribution on each side of the seed where the roots could later feed on the nourishment meant an increase of more than 94 per cent in crop yield.

Poor yields result from fertilizers

Fight Allotment Of Gas Tax Fund
Harrisburg, Feb. 15 (AP)—Opposition to a joint state government commission plan for allocation of money raised by re-enactment of a one-cent tax on gasoline was voiced by the Pennsylvania State Association of Township Supervisors.

The association sought allocation of all receipts from the levy—estimated at \$22,500,000 biennially—to local communities for road work on the basis of population and mileage.

Under the commission plan 30 placed above the seed as well as the seed. Outside and slightly lower is the accepted placement practice. If the land slopes, it may be wise to emphasize lowering the placement in order to prevent fertilizers from leaching in against the seed pieces from the higher levels.

per cent would be allocated to cities, boroughs and first class townships; 30 per cent to second class townships, and the remainder to the highway department.

Chief settlement on the Luzon plains is the town of Tulae, with a prewar population of 16,350.

Spotted Nazi Push; Given Silver Star

With the 101st Airborne Division in Alsace, Feb. 14 (Delayed) (AP)—Lt. Gen. Alexander M. Patch yesterday decorated a group of soldiers in one of the first ceremonies during which heroism awards have been distributed since this division moved south into Alsace.

The Silver Star was awarded to Sgt. Joseph Rogan, Jr., of Scranton, Pa., who, as a forward observer in the Bastogne area, sounded the initial alarm of the German advance and then stayed for hours at his post directing artillery.

Other Silver Stars for deeds prior to Bastogne were presented to Lt. Col. Robert Strayer of Swarthmore, Pa., and Pvt. George Tobinas of Shennandoah, Pa.

Advocates Incentive Pay To Aid War Work

Philadelphia, Feb. 15 (AP)—Incentive pay would do more for war production than a national service act, DeWitt Emery, president of the National Small Business Men's Association, told a Rotary club meeting here.

Emery also said that responsibility for absenteeism "should be turned over to labor unions under penalty of loss of bargaining rights if absenteeism reached two per cent."

Today's Talk
THINGS WE HAVE TO KEEP

There are plenty of people who want what we have—if it's pleasant, like money, popularity, or position. But there are things that they don't want, and which we always have to keep, to hold, and to handle all by ourselves.

Thus latter is well expressed by Shakespeare in his Richard the Second. You will find these lines in Act 4, Scene 1. Said King Richard: "You may my glories and my state, depose, But not my griefs; still am I king of those."

So it is that we keep our griefs, our sorrows, and our troubles. No one wants them. One has plenty of his own. Even our problems are personal. Ella Wheeler Wilcox, long ago, wrote a poem in which she said that if you laughed, the world laughed with you but if you wept, you wept alone.

Within ourselves we harbor the best friend and adviser that we shall ever have. Within ourselves we must decide our fate. Two of the noblest lines that I have ever read are these from The Kasideah, by Sir Richard Burton:

"Do what thy manhood bids thee do; from none but self expect applause. He noblest lives and noblest dies who makes and keeps his self-made laws"

Never shall we be separated from our secret self. That which sets us apart, and distinguishes us in character, is the manner in which we face ourselves and rule over our innermost desires, disappointments and griefs. Our joys alone are shared.

There are secrets within us that are too sacred to reveal and too precious to waste. They form the manna that feeds our spiritual nature, giving to it substance and life

Tomorrow Mr. Adams will talk on the subject: "For the Pure Joy"

The Fellowship Of Prayer

Once More: "Return, O Lord, deliver my soul." "Save my life once more" (Moffatt) Psalm 64 Read Psalm 6.

A great musician has made one of the loveliest of sacred lyrics out of the first strophe of this Psalm—"O Lord, chastize me, not in Thine anger—The music of it has hushed so many congregations to breathless silence—and become their prayer. The Psalm itself combines quite human complaints and the ageless prayer of a sorely tried soul. As though the singer said "Be patient with me, O God, I am so weak, but do not put off helping me too long, my need is so great."

We no longer believe as the Psalmist that God is hasty in His anger; we do need so often to pray "Save my life once more," for we are so slow to learn, bringing to the Eternal such repetitions of confession and so many petitions to be saved from the same old sins. No wonder we fear that God has grown tired of it all. We should, therefore, seek through all our Lenten confessions and supplications a sustaining purpose not to make a mere ritual of our penitence, or bring unceasingly the same faults to be pardoned.

Prayer: "We beseech Thee, Lord, to behold us . . . weak men and women subsisting under the covert of Thy patience; be patient still; suffer us a little longer with our broken purposes of good . . . and (if it may be) help us to be better." In Jesus' name. Amen.

Set Maximum Prices For Dry Batteries

Dollar and cent maximum prices for wholesale and retail sales of dry batteries were announced today by the Harrisburg District Office of Price Administration.

The prices, set in a new maximum price regulation effective February 20, 1945, are based on those prevailing in March, 1942, and will cover four general types of batteries: flashlight, radio, hearing-aid and those classified as miscellaneous, such as No. 6 cells, telephone cells, multiple batteries and lantern batteries.

The purpose of the new regulation is to establish closer control over dry battery prices, the civilian supply of which has been tight. OPA said that although the War Production Board has endeavored to secure a continuous supply of batteries to all essential users, the overall supply may remain tight throughout the coming year.

Just Folks

AS GRANDPA

Now this, as Grandpa, you will find That you are strangely less inclined Than as a father round the place From dawn to dusk, full-steam to race.

You will discover, unaware, As time has silver-dyed your hair, So it has also sapped your strength And cut your walks to shorter length.

Amazed, as grandpa, you will be To note a youngster's energy! You'll wonder when you were a lad If such a boundless stock you had.

As grandpa, when their prayers are said, You'll smile to see them tucked in bed, And for an hour from tumult free At evening you will grateful be.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times
TWENTY YEARS AGO

Shearer Will Retain Office by New Ruling: John C. Shearer, Republican, will continue in office as sheriff of Adams county, the position to which he was elected in the general election of 1923.

The state supreme court on Monday affirmed the decision of Judge D. P. McPherson in the local court last November, when he said that the absence of certain words from the affidavit of the petitioners that the election of Sheriff Shearer was undue and illegal made the affidavit untenable.

At Capital Conference: A. B. Plank, president, and George Black, secretary, of the Gettysburg school board, went to Harrisburg Tuesday to attend a meeting of a state association of school directors.

Birth Announcement: Mr. and Mrs. Walter Small, South Washington street, announce the birth of a daughter Wednesday morning. There are ten children in the Small family.

Local Woman Is Guest at Dinner: Mrs. Harold Lewars was among the guests at the dinner at the Civic Club in Harrisburg Thursday night, which the College Club gave for Miss Margaret Widdemer, author and poet. Covers were laid for about thirty guests.

New Radio Station Will Soon Broadcast: Chicago, Feb. 12—A new radio station to be known as "WHT," in the Wrigley building, to cost \$200,000, will go on the air shortly from Chicago to radioact national and international programs.

Nurses Home to Be Finished Soon: The nurses home at the Warner hospital will be ready for occupancy within a month, the February meeting of the board of directors of the institution was informed, Friday, S. G. Bigham, Biglerville, president of the board, presided.

Birth Announcement: Mr. and Mrs. Banks Benner, of Fairfield, announce the birth of a daughter, Mabert, at home, Friday, February the thirteenth.

Club Concert Wednesday Night: Music lovers of Gettysburg are promised an unusual treat Wednesday evening, when the Gettysburg College Glee Club and orchestra make their debut before a local audience in Brua Chapel, presenting what rehearsal-reviewers declare is the "best musical program ever rendered by a college organization here."

John Sperry, leader of the club, has had a varied experience in the musical world and was formerly pianist for a well known orchestra in New York. Mr. Sperry features on the piano and banjo as well as participating in the club numbers.

Marriage License: George W. Crum, son of Mr. and Mrs. Abel Crum, Gardeners, and Miss Tressie M. Cline, daughter of Mr. and Mrs. R. Calvin Cline, Gardeners, were granted a marriage license at the office of Luther C. Plank, clerk of the courts, Saturday afternoon.

Missionaries Fill Two Local Pulpits: Miss Alliene Dechant, of Hanover, who spent 3 years in China and Japan in the mission fields of the Reformed church, made a deep impression upon the audience of Trinity Reformed church Sunday morning.

Rev. Donald L. L. Uhl, president of the Lutheran College at Guntur, India, and fifty years a foreign missionary in the Lutheran church, spoke at the morning service of St. James Lutheran church, Sunday.

Forney Hearing Set for Thursday: Among the cases listed for a hearing Thursday before the public service commission at Harrisburg, is that of D. J. Forney, Gettysburg, who is seeking the commission's approval and a certificate permitting him to operate sightseeing buses from Harrisburg and Gettysburg for groups of ten or more persons.

Personal: Powers Pittenturf and family returned home from Washington, D. C., where they attended the funeral of William Hollebaugh.

Mrs. Edwin C. Tyson, of Flora Dale, left Saturday for Auburndale, Florida.

Wednesday club members met Wednesday afternoon at the home of Mrs. William C. Robinson, East High street.

Miss Catherine Smith, York street, has returned from a two weeks' visit in Philadelphia and New York.

Doctor Cornelius Woelfel, pastor of the Park Avenue Baptist church, New York city, spoke in Brua Chapel Friday morning.

Mr. and Mrs. S. F. Snyder, Mrs. Harmon Sisson, Mr. and Mrs. Mark K. Eckert, Dr. and Mrs. Karl Grimm, Dr. and Mrs. E. H. Sehr, Professor and Mrs. Rudolph Rosenstengel were among those who heard the musical given Monday night in the York high school auditorium by Mlle. Margaret Matzenour, contralto and Efrim Zimbalist, violinist.

When the United States was first established, there was no money in the federal treasury and no machinery for collecting taxes, no judiciary, no court system and no means of enforcing federal law.

DEADLINE FOR LEWIS DECISION IS MIDNIGHT

By HAROLD WARD
(Associated Press Labor Writer)
Miami, Fla., Feb. 15 (AP)—John L. Lewis, a veteran deadline meeter, has until tonight to accept the AFL executive council's terms for re-affiliation of his United Mine Workers.

The council arranged to wind up its mid-winter sessions here tonight, after telling Lewis it might favor but could not guarantee him a place on the council as a condition to his return.

Lewis, exhibiting little penitence for his past criticism of the federation, which he left in 1937, asked that a representative of the miners be named to the 15-member council which governs the American Federation of Labor.

Organize Office Workers
The miners' boss once sat on the council, and it was obvious that he did not desire to return as just another union leader. The UMWA has approximately 500,000 active members, and with those in the armed services the total is probably 600,000. This is as large as the carpenters and teamsters brotherhoods, and almost as big as the machinists, all of which are represented on the council.

The council, while awaiting a reply from Lewis, issued a statement urging that the minimum wage level provided in the Fair Labor Standards Act be raised from 40 to 75 cents an hour, to meet wartime problems of white collar and government workers.

"Significantly, the workers hardest hit by mounting living costs during the war have been those known as white collar workers," the council said.

"The AFL has now issued a charter to the Office Employees International Union and it is determined to undertake a strong organizational campaign that will offer concrete benefits to white collar workers," the council said.

Advocates Incentive Pay To Aid War Work

Philadelphia, Feb. 15 (AP)—Incentive pay would do more for war production than a national service act, DeWitt Emery, president of the National Small Business Men's Association, told a Rotary club meeting here.

Emery also said that responsibility for absenteeism "should be turned over to labor unions under penalty of loss of bargaining rights if absenteeism reached two per cent."

Fertilizers For Potatoes
Home gardeners and farmers may profitably take a leaf from the commercial potato grower's book of experience in respect to increased use of fertilizers and methods of their application. Herein are two important keys to vastly enhanced tuber yields and improved quality.

In the famous Aroostook County (Maine) potato region the rate of fertilizer application for potatoes is often well above a ton to the acre, depending on the closeness of seed spacing in the row. For example, if seed pieces are spaced 8 inches apart instead of 12 inches, there will be about 22,000 plants per acre, or 50 per cent more than at the wider rate of spacing. Obviously the closer planting will necessitate more plant food to sustain the greater number of plants. Hence there are cases where growers apply 2,500 to 3,000 pounds of complete fertilizer per acre.

Fertilizations Range
Many commercial growers in the Long Island (New York) and New Jersey gardening sections use around 1,800 to 2,000 pounds per acre, particularly where supplies of manure are limited. In numerous Pennsylvania and western New York regions the rate of fertilization ranges as low as 600 to 1,200 pounds to the acre.

Fear of injury to the growing plants often leads potato growers to use less fertilizer than warranted. Of course, on sandy types of soil where moisture loss is rapid, the rate of fertilizer applications should seldom be above 500 pounds per acre, while on heavier clay loams it may be increased without danger, especially if the moisture-holding properties of the soil are adequate.

Strength of fertilizer mixtures depends also on soil types, with analyses ranging from 4-12-4 to 4-16-8 or 5-10-10. Here experience must be the main guide, with the practices of nearby commercial growers considered. Too, previous crops and the rotation in general must help to govern the fertilizer analysis. In average garden loams the prevailing fertilizer allowed this year by war restrictions will have to be accepted.

Placement is perhaps more important in determining potato yields than the analysis used or the amount applied. This is amply illustrated by tests made at the Ohio Experiment Station. Where the fertilizer was applied directly in the row and in contact with the seed, the yield was 108.7 bushels per acre; where it was placed 2 inches below the seed in a single bottom-of-the-row band, the yield was 195.9 bushels; but where it was distributed in two bands, one on each side of the seed row and 2

Fight Allotment Of Gas Tax Fund

Harrisburg, Feb. 15 (AP) — Opposition to a joint state government commission plan for allocation of money raised by re-enactment of a one-cent tax on gasoline was voiced by the Pennsylvania State Association of Township Supervisors.

The association sought allocation of all receipts from the levy estimated at \$22,500,000 biennially — to local communities for road work on the basis of population and mileage.

Under the commission plan 30 placed above the seed as well as with the seed. Outside and slightly lower is the accepted placement practice. If the land slopes, it may be wise to emphasize lowering the placement in order to prevent fertilizers from leaching in against the seed pieces from the higher levels.

diers have been subjected, in violation of the most sacred code of martial honor. For such violations the Imperial Japanese Government will, of course, be fully responsible to my Government.

As commander in chief of the Allied forces in the field, I shall in addition, during the course of the present campaign, hold the Japanese military authorities in the Philippines immediately liable for any harm which may result from failure to accord prisoners of war, civilian internees, or civilian noncombatants the proper treatment and due protection to which they, of right, are entitled.

Douglas MacArthur,
General, United States Army,
Commander in Chief.

With the demands of the armed forces increasing the civilian nurse shortage, 232 U. S. Cadet Nurse Corps scholarships remain to be awarded for spring classes in Pennsylvania schools of nursing. These scholarships cover \$4 to 36 months' training for student nurses who, by providing nursing care in civilian hospitals, help release graduate nurses for active military duty.

Twenty-three Pennsylvania schools have reported vacancies for classes opening this month, March and April. The remaining schools report classes full, with 975 new cadet nurse recruits in the state for the current period.

Cadet nurse scholarships to be awarded provide for the cost of room, board, tuition, fees, books, uniforms and a monthly spending allowance, covering a complete training course in an approved school of nursing. High school graduates between the ages of 17 or 18 and 35, who are in good health and meet specific school requirements, may apply for scholarships to the Pennsylvania Nursing Council for War Service, 400 North Third street, Harrisburg.

ter Kenny fund to be used to train a county nurse in the Sister Kenny method of treating infantile paralysis, now contains a total of \$461.90.

That sum is made up of \$250 received last year from the club's presentation of the Claire Tree Major show, "The Five Little Peppers," and \$231.90 from the play, "Peter Pan," presented last month.

A white elephant sale will be held at the next meeting, March 14, Mrs. Brown, chairman of the ways and means committee, announced. The sale will be held during the tea hour and Mrs. Brown urged members to bring "anything salable" for the auction.

Story By Mrs. Lewars
Mrs. A. R. Wentz, president of the YWCA board, appealed to club members for donations of any kind of furnishings which would be suitable for the second floor of the "Y" building. Tables, chairs and lamps, especially are needed, Mrs. Wentz said.

The club authorized Mrs. Rasmus S. Saby to send telegrams to State Senator Paul M. O'rider and County Representative Francis Worley urging them to vote for the stream pollution bill scheduled to go before the Assembly soon.

Following the business meeting, Mrs. Frank H. Kramer presented Mrs. E. S. Lewars, who read in Pennsylvania Dutch dialect one of her stories, "The Woes of Tillie Shindedecker." Alice Plank, a freshman at the high school, also played two piano solos, waltzes from Chopin, as part of the program. Tea was served after the entertainment.

Hostesses were Mrs. Richard Wolff, Mrs. Kermit Heretier, Mrs. George March, Mrs. Edgar P. Hamilton and Mrs. James J. Munley.

SAVE COSTLY OVERHAULS
WITH A NEW MOTOR
IN STOCK — NO WAITING

Sometimes it's cheaper to
replace than repair. This very
often applies to motor over-
haul jobs. The installation of
a complete NEW motor saves
considerable time and as-
sures new car or truck per-
formance.

Before investing in what
may turn out to be a costly
overhaul, first investigate the
advantages of installing a new
motor assembly. You will get
lower operating costs and bet-
ter performance.

FEWER FATALITIES
Harrisburg, Feb. 15 (AP)—The
state bureau of highway safety dis-
closed that there were 51 fewer auto-
mobile fatalities in 1944 than in the
previous year. Deaths of pedestrians
made up 54 per cent of the total.

DEPOSITS UP
Harrisburg, Feb. 15 (AP)—Bank
deposits in Pennsylvania increased
\$646,660,197 in 1944 over the previous
year's total and number of depositors
jumped from 3,487,160 to 3,720,182
the banking department announced.

often applies to motor over-
haul jobs. The installation of
a complete NEW motor saves
considerable time and as-
sures new car or truck per-

Before investing in what
may turn out to be a costly

advantages of installing a new
motor assembly. You will get
lower operating costs and bet-

FEWER FATALITIES
Harrisburg, Feb. 15 (AP)—The
state bureau of highway safety dis-
closed that there were 51 fewer auto-
mobile fatalities in 1944 than in the
previous year. Deaths of pedestrians
made up 54 per cent of the total.

DEPOSITS UP
Harrisburg, Feb. 15 (AP)—Bank
deposits in Pennsylvania increased
\$646,660,197 in 1944 over the previous
year's total and number of depositors
jumped from 3,487,160 to 3,720,182
the banking department announced.

STASSEN IS
MAN TO WATCH
IN POLITICS

By JAMES MARLOW

Washington, Feb. 15 (AP)—Keep
an eye on Commander Harold E.
Stassen. President Roosevelt has just
put a bright light on him. Why?

Why did the President, when he
could have chosen any other Re-
publican, invite Stassen to be one
of the American representatives at
the United Nations conference in
San Francisco in April?

Stassen has been a Republican
wonder boy since he became gov-
ernor of Minnesota at 31. He's 37
now. He was twice re-elected. He
quit the job to take the Navy com-
mission in 1943. He's on Admiral
Halsey's staff.

"Next Time"

He's been a Republican presi-
dential possibility since he keynoted
his party's convention in Philadel-
phia in 1940. In that year his friends
said: "Not this year. In 1944."

But 1944 came. Stassen was in the
Navy. His friends wanted him nomi-
nated. He said he'd accept it but
wouldn't seek it. Governor Dewey of
New York got the nod instead. Sta-
ssen's friends said: "Not this year.
In 1948."

So twice with Stassen it has been:
not this time, next time. He has
been busy in the Pacific. That does
not mean he is not thinking of the
White House in 1948 when the war's
over.

His good friend, Republican Sen-
ator Ball, certainly is thinking of
Stassen in big terms, future terms.

"A Big Future"

Ball broke with Dewey over his
foreign policy, rocking the Republi-
cans by supporting Mr. Roosevelt, and
shortly before the last election said:
"Stassen stands head and should-
ers above most of the political lead-
ers of both parties. x x x inevitably
he is going to be a big figure in
national affairs."

Before we got into the war, Stassen
was all for aid to the Allies. Then
he took a forthright, solid stand on
international cooperation to keep
the peace, which is what the San
Francisco conference is supposed to
work out.

Because he felt that way, Stassen
strongly suggested years ago a
United Nations organization backed
by force to maintain world order. He
said:

"We might well contemplate that
within a comparatively brief period
of years our men and women will
not only be citizens of Minnesota,
and not only citizens of the United
States of America, but also citizens
of a United Nations of the world."

Spy Death Sentence
Will Be Reviewed

New York, Feb. 15 (AP)—A review
of the death sentence imposed on
William Curtis Colepaugh and Erich
Gimpel will follow as part of estab-
lished procedure in the spy trial just
concluded by a seven-man military
commission.

The commission found the two
men guilty yesterday and sentenced
them to death by hanging.

Maj. Gen. Thomas A. Terry, com-
manding general of the Second
Service Command, will review the
findings and send them to Washing-
ton for inspection by a board of
review. Then the commission's de-
cision will go to President Roosevelt.

The men were adjudged guilty on
all three counts: they violated the
law of war by secretly landing be-
hind our defense lines from a sub-
marine; they acted as spies and
they conspired to commit espionage
and sabotage.

East Berlin

East Berlin—Mrs. William Mum-
bert, Hanover, formerly Miss Marie
Benz, this section, has received
word that her soldier husband, who
was wounded in action in Europe in
December, has recovered sufficiently
to return to duty.

The regulation class rings were
distributed to members of the junior
class of the local high school during
the past week.

Mrs. Troy Smith and daughter,
Barbara Jane, are again making
their home with her parents, Mr. and
Mrs. W. R. Rentzel, R. 1, after hav-
ing been with her mother-in-law
in Illinois since before Christmas.
Troy Smith is serving with the armed
forces.

Washington, Feb. 15 (AP)—Rep.

Take Testimony
At PUC Hearing

Harrisburg, Feb. 15 (AP)—Testi-
mony that proposed bus service be-
tween Hanover and Harrisburg by
the Adams Transit Co. Inc., of York,
would "really convenience" busi-
nessmen and Hanover residents work-
ing in the state capital was given today
at a Public Utility Commission
hearing.

M. Stuart Danner, general man-
ager of the transit company, said
the concern planned to make one
trip each way daily to Harrisburg
by way of Dillsburg.

Local passenger service would be
given between Abbotstown and
Franklinton.

BONUS PLAN

London, Feb. 15 (AP)—A postwar
bonus plan for big families providing
five shillings (about \$1) weekly for
each child beyond the first was pro-
posed in a government bill made
public today. Sir William Jowitt,
Minister of Social Insurance, esti-
mated about 2,600,000 families with
approximately 4,400,000 children,
apart from the first child, would
qualify.

MARRY BY DAY

Columbia, S. C., (AP) — "Day-
light hours are the most unromantic,"
says State Rep. G. B.
Baker. "Only after nightfall does
romance hold sway—and bring
about hasty marriages."

He argued for an amendment to
a marriage regulatory bill which
would permit issuance of licenses
only between 9 a. m. and 9 p. m.
The house, however, defeated the
amendment but passed the bill
which sets up a 24-hour waiting
period for marriage.

STASSEN IS MAN TO WATCH IN POLITICS

By JAMES MARLOW

Washington, Feb. 15 (AP)—Keep an eye on Commander Harold E. Stassen. President Roosevelt has just put a bright light on him. Why?

Why did the President, when he could have chosen any other Republican, invite Stassen to be one of the American representatives at the United Nations conference in San Francisco in April?

Stassen has been a Republican wonder boy since he became governor of Minnesota at 31. He's 37 now. He was twice re-elected. He quit the job to take the Navy commission in 1943. He's on Admiral Halsey's staff.

"Next Time"

He's been a Republican presidential possibility since he keynoted his party's convention in Philadelphia in 1940. In that year his friends said: "Not this year. In 1944."

But 1944 came. Stassen was in the Navy. His friends wanted him nominated. He said he'd accept it but wouldn't seek it. Governor Dewey of New York got the nod instead. Stassen's friends said: "Not this year. In 1948."

So twice with Stassen it has been: not this time, next time. He has been busy in the Pacific. That does not mean he is not thinking of the White House in 1948 when the war's over.

His good friend, Republican Senator Ball, certainly is thinking of Stassen in big terms, future terms.

"A Big Future"

Ball broke with Dewey over his foreign policy, rocked the Republicans by supporting Mr. Roosevelt, and shortly before the last election said: "Stassen stands head and shoulders above most of the political leaders of both parties, x x x inevitably he is going to be a big figure in national affairs."

Before we got into the war, Stassen was all for aid to the Allies. Then he took a forthright, solid stand on international cooperation to keep the peace, which is what the San Francisco conference is supposed to work out.

Because he felt that way, Stassen strongly suggested years ago a United Nations organization backed by force to maintain world order. He said:

"We might well contemplate that within a comparatively brief period of years our men and women will not only be citizens of Minnesota, and not only citizens of the United States of America, but also citizens of a United Nations of the world."

Spy Death Sentence Will Be Reviewed

New York, Feb. 15 (AP)—A review of the death sentence imposed on William Curtis Colepaugh and Erich Gimpel will follow as part of established procedure in the spy trial just concluded by a seven-man military commission.

The commission found the two men guilty yesterday and sentenced them to death by hanging.

Maj. Gen. Thomas A. Terry, commanding general of the Second Service Command, will review the findings and send them to Washington for inspection by a board of review. Then the commission's decision will go to President Roosevelt.

The men were adjudged guilty on all three counts: they violated the law of war by secretly landing behind our defense lines from a submarine; they acted as spies and they conspired to commit espionage and sabotage.

East Berlin

East Berlin—Mrs. William Mummet, Hanover, formerly Miss Marie Bentz, this section, has received word that her soldier husband, who was wounded in action in Europe in December, has recovered sufficiently to return to duty.

The regulation class rings were distributed to members of the junior class of the local high school during the past week.

Mrs. Troy Smith and daughter, Barbara Jane, are again making their home with her parents, Mr. and Mrs. W. R. Rentzel, R. 1, after having been with her mother-in-law in Illinois since before Christmas. Troy Smith is serving with the armed forces.

Washington, Feb. 15 (AP)—Rep. O'Konski (R-Wis.) interrupted general House acclamation of the Crimean Big-Three agreement Tuesday to denounce it as "a sell-out of Poland."

Take Testimony At PUC Hearing

Harrisburg, Feb. 15 (AP)—Testimony that proposed bus service between Hanover and Harrisburg by the Adams Transit Co. Inc., of York, would "really convenience" business men and Hanover residents working in the state capital was given today at a Public Utility Commission hearing.

M. Stuart Danner, general manager of the transit company, said the concern planned to make one trip each way daily to Harrisburg by way of Dillsburg.

Local passenger service would be given between Abbotstown and Franklinton.

"A BAD SORT"

(By The Associated Press)

Here's what Tokyo radio says one Japanese soldier thinks of the American fighting man: "I can't say whether the enemy is courageous or whether he is crazy, but at any rate, he is of a bad sort."

BONUS PLAN

London, Feb. 15 (AP)—A postwar bonus plan for big families providing five shillings (about \$1) weekly for each child beyond the first was proposed in a government bill made public today. Sir William Jowitt, Minister of Social Insurance, estimated about 2,600,000 families with approximately 4,400,000 children, apart from the first child, would qualify.

MARRY BY DAY

Columbia, S. C., (AP) — "Day-light hours are the most unromantic," says State Rep. G. B. Baker. "Only after nightfall does romance hold sway—and bring about hasty marriages."

He argued for an amendment to a marriage regulatory bill which would permit issuance of licenses only between 9 a. m. and 9 p. m. The house, however, defeated the amendment but passed the bill which sets up a 24-hour waiting period for marriage.

SAVE COSTLY OVERHAULS WITH A NEW MOTOR
IN STOCK — NO WAITING

Sometimes it's cheaper to replace than repair. This very often applies to motor overhaul jobs. The installation of a complete NEW motor saves considerable time and assures new car or truck performance.

Before investing in what may turn out to be a costly overhaul, first investigate the advantages of installing a new motor assembly. You will get lower operating costs and better performance.

Harrisburg, Feb. 15 (AP)—Bank deposits in Pennsylvania increased \$646,660,197 in 1944 over the previous year's total and number of depositors jumped from 3,487,160 to 3,720,182, the banking department announced.

URGES DRIVE FOR 60,000 NURSES

Washington, Feb. 15 (AP) — A physician member of Congress, Representative Fenton (R. Pa.), called today for a month's suspension of Wave and War recruiting to "concentrate solely on recruiting the 60,000 nurses critically needed by the armed forces."

"I believe that in a month enough nurses would volunteer to make a draft unnecessary," Fenton told a reporter.

After his recent tour of European battle fronts as a member of the House Military Affairs Committee, Fenton is convinced of the "really serious need for more nurses to take care of the wounded troops."

"Some of those poor nurses over there are virtually dying on their feet from overwork," he said.

"I believe that if the War and Navy Departments really conduct all-out recruiting campaigns, stressing the need, the nurses will volunteer in sufficient numbers."

SUPERFORTS POUND HONSHU

Washington, Feb. 15 (AP)—Superfortresses of the 20th Air Force attacked industrial targets on the Japanese home island of Honshu today.

The mission was flown by a force of B-29s from Maj. Gen. Curtis E. Lemay's 21st Bomber Command in the Marianas.

A brief war bulletin from Gen. H. H. Arnold, commanding general of the 20th Air Force, gave no additional details.

Earlier, the Tokyo radio reported that lone Superfortresses bombed the Tokyo-Yokohama metropolitan area and the Nagano district last night and early today and returned later in reconnaissance flights.

Today's strike was the fourth by B-29s since Saturday. An aircraft factory at Ota, 40 miles northwest of Tokyo, was hit Saturday, the Rangoon area Sunday and Iwo Jima Monday.

Emmitsburg's Own "Commando Kelly" Home After Two And A Half Years

LEFT - DECORATED SERGEANT WAS TWICE WOUNDED

Emmitsburg's own "Commando Kelly" is now spending a 30-day furlough at his home on South Seton avenue, after returning from more than two and a half years service overseas.

The Emmitsburg soldier is Staff Sergeant Ralph F. Kelly, 26, son of Mr. and Mrs. Martin Kelly, and a career in the Army closely parallels that of the winner of the Congressional Medal of Honor from Pittsburgh.

Although his honors do not include the Congressional Medal — highest award to any of the armed forces — Sergeant Kelly's decorations include enough other ribbons to tie down his tunic.

Twice Wounded

He has been awarded two Silver Star medals for gallantry in action, a Bronze Star Medal, an award given only to the infantry leaders, the Combat Infantryman's badge, the silver rifle and wreath badge that can be won only by infantry soldiers fighting in the field, the Good Conduct Medal, two Purple Heart Medals for wounds received in battle, a Presidential citation, and the European Theater of Operations ribbon with five battle stars for different invasion and offensive actions.

Sergeant Kelly is a veteran of fighting in Africa, Sicily, France, Belgium and Germany, and trained for a while in England. He returned this week from Germany where he was fighting with the First Army of the First Division, famed for its battle action in World War as well as in this war.

The Emmitsburg soldier joined the army three years ago and trained with First Division troops at Camp Wheeler, Ga., Camplanding, Fla., and Fort Benning, Ga., before going overseas. Because he was assigned to the veteran division, he went overseas after just six months training in this country.

Two Silver Stars With Citations

He first fought in Africa and then went with invading forces into Sicily. It was in Sicily that he took part in action that won for him the Silver Star awards. The citation accompanying the first medal, which was for action near Troina, Sicily, on August 6, 1943, read in part as follows:

"Although his machine gun was isolated from the rest of his company and was bearing the brunt of enemy counterattacks, Sergeant Kelly refused to leave his position despite the ferocity of the enemy attack and the fact that his ammunition was seriously depleted, Sergeant Kelly continued firing upon the enemy and inflicted serious casualties."

Sergeant Kelly was awarded the Silver Star medal for action in the vicinity of Gela, Sicily. Accompanying the citation was a citation which read, in part:

In On D-Day

"During a fierce engagement with the enemy, Sergeant Kelly observed wounded soldiers lying in an open field and in grave danger of receiving further injury. Without hesitation Sergeant Kelly left his place of concealment, proceeded to

the wounded man's aid, and carried him to safety.

After fighting with his division in Sicily, the sergeant went to England where he trained for a while and then went into France on D-Day with the invasion forces.

He fought across Europe into Germany from where he was sent home on furlough on the rotation plan now in force.

Going Over Again

Sergeant Kelly received his first wound in Africa in November, 1942, when he was struck in the right leg with a piece of shrapnel. His second wound was received in Germany last November when he was struck in the left arm by another piece of shrapnel. Both of his wounds were comparatively minor, however, and he spent only about a month combined in hospitals recovering from them.

A graduate of the Emmitsburg high school, Sergeant Kelly worked at the Taneytown plant of the Blue Ridge Rubber company before entering the service. His older brother, Luther Kelly, Emmitsburg, is a veteran of World War I. He served overseas in 1918 as a corporal in the infantry.

At the conclusion of his furlough, Sergeant Kelly expects to be reassigned to more overseas duty. The Army needs experienced men like him to carry on the battles to victory.

MOUNT WILL INITIATE NEW HALL FRIDAY

Mt. St. Mary's college will initiate its newly-rebuilt dining hall with a special dance Friday night following a basketball game with Johns Hopkins university, Baltimore, in the college gymnasium.

Parts of the dining hall, school kitchen and 30 dormitory rooms were burned in a disastrous fire election night, November 7, which caused more than \$100,000 damage. The dining room work has been completed with the exception of the final finishing work on the floor, and the dance will be the first activity to take place in the room since the fire.

The hall will not be used as a dining room, however, until the Navy V-12 students and the regular college students return March 4 from a 10-day mid-term vacation. After (Continued on Page 4, Section 2)

MISS STINSON WED SUNDAY

Miss Frances Ambler Stinson, daughter of Dr. and Mrs. O. H. Stinson, Emmitsburg, became the bride of Flight Officer Thomas S. Bittle, son of Thomas C. Bittle, Knoxville, Md., in a ceremony at the Emmitsburg Reformed church Sunday afternoon at 4 o'clock.

The double ring ceremony was performed by the Rev. Edwin Welken, pastor of the church. Preceding the marriage, an organ recital was given and William Stinson, a brother of the bride, sang "Because" and "I Love You Truly."

The bride was dressed in a street-length gown of aqua crepe with pink accessories and wore a corsage of pink rose buds. She was given in marriage by her father.

The attendants were Miss Ann Stinson, a sister of the bride, and Miss Bittle, the groom's father. Miss Stinson wore a pink dress with black accessories.

Bridegroom At Perry Field

Following the ceremony a reception was held at the home of the bride's parents. The couple then left on a short wedding trip.

Mrs. Bittle is a graduate of Emmitsburg high school and attended St. Joseph's college. At present she is in her senior year of training as a Cadet Nurse at the Union Memorial hospital in Baltimore. She expects to complete her course there.

The groom also is a graduate of the Emmitsburg high school. Following his graduation he entered the Army Air Corps and at present is stationed at Perry Field, Fla. His father formerly was principal of the Emmitsburg high school.

THEY MUST NOT BE KEPT WAITING

So THEY may have all the communication equipment they need is the reason many people at home are waiting for telephone service. When will it again be possible to furnish service to all who want it? We wish we could say "Soon" but we do not know. Even when the war ends and factories can again produce telephone equipment for civilian use there will be an enormous construction job to be done — buildings to be built or enlarged, miles of cable to be laid under streets, much central office equipment to be placed — a job that cannot be done over night. To those who are waiting, we say "Thanks for your patience."

Twice Wounded
He has been awarded two Silver Star medals for gallantry in action, a Bronze Star Medal, an award given only to the infantry soldiers; the Combat Infantryman's badge, the silver rifle and wreath badge that can be won only by infantry soldiers fighting in the field; the Good Conduct Medal; two Purple Heart Medals for wounds received in battle; a Presidential citation, and the European Theater of Operations ribbon with five battle stars for different invasion and offensive actions.

Sergeant Kelly is a veteran of fighting in Africa, Sicily, France, Belgium and Germany, and trained for a while in England. He returned this week from Germany where he was fighting with the First Army of the First Division, famed for its battle action in World War I as well as in this war.

The Emmitsburg soldier joined the army three years ago and trained with First Division troops at Camp Wheeler, Ga., Camp Blanding, Fla., and Fort Benning, Ga., before going overseas. Because he was assigned to the veteran division, he went overseas after just six months training in this country.

Two Silver Stars With Citations
He first fought in Africa and then went with invading forces into Sicily. It was in Sicily that he took part in action that won for him his Silver Star awards. The citation accompanying the first medal, which was for action near Troina, Sicily, on August 6, 1943, read in part as follows:

"Although his machine gun was isolated from the rest of his company and was bearing the brunt of an enemy counterattack, Sergeant Kelly refused to leave his position. Despite the ferocity of the enemy attack and the fact that his ammunition was seriously depleted, Sergeant Kelly continued firing upon the enemy and inflicted serious casualties."

Sergeant Kelly was awarded the Oak Leaf cluster in lieu of the second Silver Star medal for action in the vicinity of Gela, Sicily. Accompanying the cluster was a citation which read, in part:

In On D-Day
"During a fierce engagement with the enemy, Sergeant Kelly observed a wounded soldier lying in an open field and in grave danger of receiving further injury. Without hesitation Sergeant Kelly left his place of concealment, proceeded to

the wounded man's aid, and carried him to safety."

After fighting with his division in Sicily, the sergeant went to England where he trained for a while and then went into France on D-Day with the invasion forces.

He fought across Europe into Germany from where he was sent home on furlough on the rotation plan now in force.

Going Over Again
Sergeant Kelly received his first wound in Africa in November, 1942, when he was struck in the right leg with a piece of shrapnel. His second wound was received in Germany last November when he was struck in the left arm by another piece of shrapnel. Both of his wounds were comparatively minor, however, and he spent only about a month combined in hospitals recovering from them.

A graduate of the Emmitsburg high school, Sergeant Kelly worked at the Taneytown plant of the Blue Ridge Rubber company before entering the service. His older brother, Luther Kelly, Emmitsburg, is a veteran of World War I. He served overseas in 1918 as a corporal in the infantry.

At the conclusion of his furlough, Sergeant Kelly expects to be reassigned to more overseas duty. The Army needs experienced men like him to carry on the battles to victory.

MOUNT WILL
INITIATE NEW
HALL FRIDAY

Mt. St. Mary's college will initiate its newly-rebuilt dining hall with a special dance Friday night following a basketball game with Johns Hopkins university, Baltimore, in the college gymnasium.

Parts of the dining hall, school kitchen and 30 dormitory rooms were burned in a disastrous fire election night, November 7, which caused more than \$100,000 damage. The dining room work has been completed with the exception of the final finishing work on the floor, and the dance will be the first activity to take place in the room since the fire.

The hall will not be used as a dining room, however, until the Navy V-12 students and the regular college students return March 4 from a 10-day mid-term vacation. After (Continued on Page 4, Section 2)

MISS STINSON
WED SUNDAY

Miss Frances Ambler Stinson, daughter of Dr. and Mrs. O. H. Stinson, Emmitsburg, became the bride of Flight Officer Thomas S.

Bittle, son of Thomas C. Bittle, Knoxville, Md., in a ceremony at the Emmitsburg Reformed church Sunday afternoon at 4 o'clock.

The double ring ceremony was performed by the Rev. Edwin Welker, pastor of the church. Preceding the marriage, an organ recital was given and William Stinson, a brother of the bride, sang "Because" and "I Love You Truly."

The bride was dressed in a street-length gown of aqua crepe with pink accessories, and wore a corsage of pink rose buds. She was given in marriage by her father.

The attendants were Miss Ann Stinson, a sister of the bride, and Mr. Bittle, the groom's father. Miss Stinson wore a pink dress with black accessories.

Bridegroom At Perry Field
Following the ceremony a reception was held at the home of the bride's parents. The couple then left on a short wedding trip.

Mrs. Bittle is a graduate of Emmitsburg high school and attended

St. Joseph's college. At present she is in her senior year of training as a Cadet Nurse at the Union Memorial hospital in Baltimore. She expects to complete her course there.

The groom also is a graduate of the Emmitsburg high school. Following his graduation he entered the Army Air Corps and at present is stationed at Perry Field, Fla. His father formerly was principal of the Emmitsburg high school.

Abraham Lincoln was a detective story fan, as were Woodrow Wilson and Theodore Roosevelt.

VISITED HOME recently visited at his home in Emmitsburg.

THEY MUST **NOT**
BE KEPT WAITING

So **THEY** may have all the communication equipment they need is the reason many people at home are waiting for telephone service.

When will it again be possible to furnish service to all who want it? We wish we could say "Soon" but we do not know.

Even when the war ends and factories can again produce telephone equipment for civilian use there will be an enormous construction job to be done — buildings to be built or enlarged, miles of cable to be laid under streets, much central office equipment to be placed — a job that cannot be done over night.

To those who are waiting, we say "Thanks for your patience."

ELAX TERMS OF ARMISTICE FOR ITALIANS

(By The Associated Press)
London, Feb. 15—A joint British-American statement relaxing Italian armistice terms to some extent was reported in the office today as Paris dispatches declared that President Roosevelt was expected to return to Rome before returning to Washington.

It was predicted the statement would promise greater economic aid to Italy and lift some of the Allied control of administrative affairs. An Associated Press dispatch last night from Rome declared it was understood there the declaration would be announced soon in Washington and London. This dispatch agreement on the new status Italy was reported to have been reached after the British steadfastly refused an American suggestion that the present armistice be scrapped.

Terms Remain Secret
The new pronouncement was based in Rome to keep Italy tightly in the category of a conquered country. Some Italian officials are said to have advocated full liquidation of the armistice agreement on the ground it constitutes psychological impediment to full Italian collaboration in fighting the war.

The Rome dispatch said that despite the expedited new declaration was believed all secret clauses of the surrender document, signed in September, 1943, by Marshal Pietro Badoglio, would remain known only to a few.

Information from Rome indicated Italian statement already had been initiated by responsible officials both in Britain and the United States. The Malta conference of President Roosevelt and Prime Minister Churchill, while both were out to the Crimea, big three meeting, seemed one of the most likely sites for the signing to have in place.

Special Gasoline To Secure Jobs

Special gasoline rations to aid in the re-employment of discharged war veterans and displaced civilian workers were provided for today by the OPA.

These rations will be allowed to war veterans and civilian employees who must use a passenger automobile to travel to a job interview arranged for them by the United States Employment Service, the Railroad Retirement Board, Employment Service, a county agricultural agent, an agricultural extension labor office, or by an agency designated by the War Manpower Commission to recruit labor. The amount of mileage which will be allowed is limited to 400 miles in any 30-day period, and it must be shown that there are no adequate alternative means of transportation.

A person applying for the ration at his local War Price and Rationing Board must present a referral card obtained from the United States Employment Service or Railroad Retirement Board, Employment Service, or a written statement signed by the county agricultural agent, an appropriate employee of the Agricultural Extension Labor Office, or the secretary of the union local showing the name of the prospective employer and the place of interview.

Navy Announces Ommaney Bay's Loss

Washington, Feb. 15 (AP)—The Ommaney Bay, one of the intrepid "Baby Flattops" which defied a Japanese battleship force and saved the Leyte beachhead last October, has been sunk.

A rookie in the Pacific fleet, the escort aircraft carrier since last June had tallied this imposing record against the Japanese.

A heavy cruiser and a troop transport sunk, four cruisers and four destroyers damaged, three battleships probably damaged, 16 planes shot down, other planes destroyed on the ground, troops wiped out with bombs, ground installations smashed. She fought through three invasions—Palau, Leyte and Mindoro.

In the Philippine area, the Navy announced, she was sunk by enemy action. The minesweeper Long also was lost. The number of casualties was not disclosed; their next of kin have been notified. Both commanders were saved.

Men, Women! Old at 40, 50, 60! Want Pep? Want to Feel Years Younger?

Do you blame exhausted, worn-out feeling on age? Thousands are amazed at what a little peping up with Stuart Tablets does. Contains tonic, iron, iodine, and vitamins. For body old solely because low in iron; also for body old solely because low in vitamins. See your druggist for more information. Try Stuart Tablets for new pep, younger feeling, this very day. For sale at all druggists everywhere.

PROTECT YOUR CHILD AGAINST WHOOPING COUGH

★ World-wide in its distribution, whooping cough is endemic in large cities, becoming epidemic on a large scale every two to four years. The seriousness of pertussis, especially in young children, is evidenced by the mortality rate—about 26 percent in infants less than one year old.

Children should be vaccinated during the first year of life. Do not wait for an epidemic. It takes several weeks after vaccination for the body to produce antibodies. Ask your physician now about protection from whooping cough for your baby.

We carry fresh stocks of vaccine under refrigeration at all times.

Leaves From Diary Of War Correspondent

By HAL BOYLE

In Germany (AP)—Adolf Hitler's buzz bombs may cause sleepless night for some city dwellers—but it is no secret that they are a joke weapon to frontline doughboys.

Several of Germany's "victory weapons" have fallen in an infantry division sector but without causing casualty and the boys take them rather lightly.

After one bomb clipped a path through the trees before landing, the infantrymen proposed tying ropes to the trees so that when the next V-1 was sighted all the out-post guards would have to do would be to call back:

"One coming up in alley six."

The trees then would be pulled down on alley six to make a path for it.

"It Is Too Much"

Another idea was to set up aerial gas stations and just before the buzz bomb cut out to go into a dive, to pump some more fuel into it so it would travel on to the rear echelons.

After one buzzer burst nearby with a crash that blew the paper he was reading into his face, S-Sgt. Nunzio F. Minicello of Fitchburg, Mass., was heard to grumble bitterly:

"No peace and quiet anywhere. They push you around and shove newspapers into your face. Its just like the New York subway."

German troops are even more critical of this "super dupe" weapon that was to win the war for them. Two prisoners are reported to have complained that one buzz bomb took off after a Messerschmitt 109 and that another turned around and dived behind the Nazi lines.

"It is bad enough to be chased all over Europe by the Americans

The college students and Naval trainees will be hosts at the dance to coeds from Gettysburg college, Western Maryland college, Westminster; Hood college, Frederick; St. Joseph's college at Emmitsburg, and

and Russians," one captive said. "But when our own bombs start after us—it is too much!"

"The Razor Squad"

One "joker weapon" which a group of doughboys invented as a gag turned out to be quite effective.

In the battle for Brest, they found a cache of German straight-edged razors. Led by S-Sgt. Elmer F. Coverdale, of Millford, Del., and Sgt. Obie C. Peardon, Pensacola, Fla., several infantrymen tied the razors to their rifles and called themselves "the razor squad."

In the subsequent street fighting, many terror-stricken Germans surrendered at the sight of rifles tipped with sharp-slashing razors.

"It was just a gag for us," said Coverdale. "But the Jerries could not figure out what kind of troops they were up against."

One Phrase Enough

S-Sgt. Raymond A. Flanagan, former Baltimore Oriole baseball pitcher, might be another Sergeant York if he knew more German.

He knows only one Nazi phrase but it has enabled him to capture dozens of prisoners since Normandy.

"Come out with your hands up or our artillery will come," he says in carefully memorized German—and the enemy troops, who dread our shelling more than they do the Fuehrer's anger, come out with their hands up.

One batch of Germans trapped in a house recently gave up after Flanagan hollered out his magic phrase and as one passed the sergeant, he remarked in English:

"You speak very well German, soldier."

the Shippensburg State Teachers' college. Girls from Wilson college also were invited but the college was placed under quarantine for scarlet fever this week and the coeds will not be permitted to attend.

Court Squad Improves

Final examinations will begin at the college next week, and the students will begin their vacations next Saturday, following the completion of the mid-winter term.

The basketball game Friday evening promises to be a close contest, for although the Mountaineers lost their first match of the season to the Baltimore quintet, it was played after the Mount men had had only a short practice period. Since that time they have improved. They lost a very close game to a highly-rated Carlisle Army barracks cage squad Tuesday night at Carlisle by a score of 50 to 46. The game, played as a return match, was finished after two extra periods had been called.

Other recent social activity at the college consisted of a skating party Monday night at which the Naval students from the Mount and girls from St. Joseph's college were in attendance. Approximately 200 boys and girls went to Big Pipe Creek, near Taneytown, for the roller skating party.

In searching history for examples to support the arguments in favor of the Constitution, the Federalists, in 1789, reached back 2,000 years to the Achaean League and Lycean Confederacy, Greek democracies, to draw structural parallels.

How To Relieve
Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

George Berkheimer, a discharged member of the Army, who has been under treatment at a veterans' hospital in Philadelphia for an asthmatic condition, has returned to the hospital after a short visit to his home.

The condition of Miss Beulah E. Wentz, who has been seriously ill for several weeks, shows continued improvement.

Carlton L. Jacobs, USN, has returned to duty after a visit with his wife and his parents, Mr. and Mrs. Raymond J. Jacobs.

Ronald, son of Mr. and Mrs. Robert Alwine, near Hanover, formerly of here, was tendered a party during the past week at the Clayton Scholl home, Hanover, in honor of his sixth birthday. His brothers, Clair and Stuart, are now overseas with the Navy.

Granville Deardorff, near Dillsburg, formerly of this section, is reported improving after an illness due to a recent paralytic stroke.

Mrs. Lawrence Guldin, who has been very ill, is a patient at the York hospital.

Mr. and Mrs. John H. Sheaffer, R. 2, who sold their farm to William Callaway, of Florida, several months ago, plan to move to Hildersburg within a few weeks to reside with Mrs. Sheaffer's mother, Mrs. Peters.

Mrs. Grant F. Logan has learned that her husband, who was seriously wounded in action in the European Theater of War in the fall, is now in a hospital in England and not much improved. He expects to undergo further hospitalization in the United States in the early future.

Word has been received of the recent birth of a daughter, Ann Louise, to Pfc. and Mrs. Franklin Hege, at New Rochelle, N. Y., where they have been residing. This is their first

child. Pfc. Hege is a son of the Rev. J. H. Hege, Dover, pastor of the Lutheran congregation of Red Run church. The mother is a former resident of Williamsport.
